The District shall have emergency response and evacuation procedures for notifying the campus community in the event of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus.

The Superintendent/President shall establish procedures that ensure that the District implements a plan to be activated in the event of an emergency, or the occurrence of a natural disaster or hazardous condition. This plan must comply with the National Incident Management System (NIMS), the Standardized Emergency Management System (SEMS) and should incorporate the functions and principles of the Incident Command System (ICS), the Master Mutual Aid Agreement (MMAA) and any other relevant programs. The plan must incorporate NIMS and SEMS to facilitate the coordination between and among agencies in the event of an emergency or natural disaster.

District personnel must be informed that as public employees, they are also disaster service workers during national, state, and local emergencies. The District must ensure that its employees are in compliance with the disaster service worker oath requirements.
