Education Code Section 70902

5

Grants provide additional funds for academic programs, student support services, and administrative operations. The Superintendent/President shall ensure a review process is in place to determine that grant opportunities support the mission, goals, and objectives of the District's Strategic Plan. This process shall occur prior to applying for any grant funds. In addition, the Superintendent/President shall establish procedures to assure timely application and processing of grant applications and funds.
