

**WOODBURY UNIVERSITY – PALOMAR COLLEGE**  
**ARCHITECTURE**  
**ARTICULATION AGREEMENT**  
**Based upon the 2007/2009 Woodbury University Bulletin**

The Woodbury University/Palomar College Articulation Agreement has been developed in cooperation with faculty and staff at both participating institutions. Its purpose is to provide the prospective Woodbury University student with information on courses needed for each program of study offered at Woodbury and the equivalent courses offered at Palomar College. The agreement contains three sections:

**Section I: Articulations by Major**

This section provides information on REQUIRED lower division courses (general education and major) for each major and their equivalents at Palomar College, if any. Below each major is information that is specific to that major. The Woodbury University courses are listed in the left – hand column. Equivalent Palomar College courses are listed in the right - hand column.

**Section II: General Education Breadth Agreement**

This section includes courses that may be taken to fulfill general education course requirements at Woodbury University. Beginning in the fall of 2000, Woodbury University will be following the Intersegmental General Education Transfer Curriculum (IGETC), with the following exceptions:

- Woodbury University requires the completion of the CSU “Oral Communication” component. The course taken will be subject to review upon evaluation of transcripts at Woodbury University. Courses in interpersonal and cross – cultural communication will not be accepted to meet the oral communications requirement.
- Effective Fall 2008, Woodbury will only accept selected IGETC approved courses to fulfill the critical writing requirement. Transfer students who are awarded credit for these courses will undergo a portfolio review at Woodbury to demonstrate research writing skills. If a student does not pass this review, they will be required to complete an additional course in critical writing.
- Woodbury University requires all students to demonstrate competency in information literacy. This requirement can be met through successful completion of approved course work at Palomar College or through the passing of an examination offered at Woodbury University.
- Woodbury University does not require the Foreign Language component.
- General Education courses that serve as preparatory courses for individual majors are required for graduation EVEN IF all other IGETC requirements have been met. Please refer to Section I for a listing of required courses by major.

**Section III: Basic Skills Courses**

This brief section includes courses, along with their equivalencies at Palomar College, that are required of all Woodbury University students that are not included in the other two sections

Courses taken by the prospective Woodbury student not listed in this agreement are subject to review by the Registrar’s Office at Woodbury University.

Courses appearing in **bold face** currently do not carry IGETC approval. Or carry IGETC approval but in another area.

Courses appearing in more than one area can only fulfill one area requirement; a single course cannot fulfill two area requirements. Students should review which general education courses are required for their major PRIOR to

# Basic Skills Courses

selecting their general education courses. Each major contains general education courses which fulfill both major and general education requirements.

# Basic Skills Courses

BASIC SKILLS COURSES				
Woodbury University 2007-08			Palomar College 2007-08	
PREP	CO105	Information Literacy	LT 120	Information Sources & Services/Reference
PREP	MA 049	Elementary Algebra	MATH 50 or 50A+ 50B	Beginning Algebra
PREP	MA 140	Intermediate Algebra	MATH 60 or Math 56	Intermediate Algebra

The previously listed courses are required of all students who attend Woodbury University. The competency for these courses can be demonstrated in the following ways:

- Through successful completion of the equivalent course at Palomar College
- By receiving a passing score on placement exams required by Woodbury University at the time of student orientation
- By successfully completing any course that is at a higher level (i.e. if College Algebra has been completed with a grade of “C” or better, a student will not need to retake either Elementary or Intermediate Algebra)

Academic elective credit will not be granted for Elementary Algebra; a waiver of the course will be granted if the course was taken and passed with a grade of “C” or better within the last academic year (two previous semesters). Academic credit will be granted for all other courses successfully completed with a grade of “C” or better. Intermediate Algebra must have been completed within the last two years for credit to be awarded, unless a higher level mathematics course has been successfully completed.

## **BLOCK TRANSFER OF GENERAL EDUCATION:**

**Transfer students with an earned Associate of Arts or Associate of Science degree in an academic major from a regionally accredited college in the U.S. or a degree from an international academic institution with English as the language of instruction that is equivalent to a U.S. degree have met Woodbury University’s lower-division general education requirements with the exception of courses in academic writing. Students must satisfy all requirements in the major program including lower division general education courses. In addition, students must satisfy all upper-division general education requirements and meet all other admissions and graduation requirements and competencies of the university.**

**Degrees/credits earned more than eight years before admission or readmission will be accepted to meet general education general education and university graduation requirements, as well as major requirements, at the discretion of the university.**
