

Palomar College Catalog 2009-2010

Regional Occupational Program (ROP)

offers vocational and technical training through the Regional Occupational Programs.

Palomar College, under contract with the San Diego County Office of Education, offers vocational and technical training through the Regional Occupational Program.

Courses provided through ROP are available to college and high school students, out-of-school youths, and adults residing in San Diego County. Courses can be used for basic job skills, upgrading of existing skills, or changing occupations. Units earned may be used for high school or college credit. ROP courses taken for college credit may be applied toward Palomar College Certificates/Degrees. Contact the ROP Office for further information. (760) 744-1150, ext. 2293 Office: AA-136

Adult Basic Education (NABED)

Contact the English as a Second Language Department for further information and registration procedures at (760) 744-1150, ext. 2272.

Adult Basic Education Noncredit Certificate of Completion

This two-course sequence is designed to equip students with the basic reading and writing skills, basic computational skills and critical thinking skills needed for employment or to prepare for GED preparation courses, job training and college level courses for a career or for associate or transfer degree programs. In order to earn a certificate, students must successfully complete NABED 202.

Certificate Requirements

NABED 201 Literacy/Adult Basic Education I
NABED 202 Literacy/Adult Basic Education II
