

STEPHEN K. HALL ACWA WATER LAW AND POLICY SCHOLARSHIP APPLICATION

2012-'13 Academic Year

ACWA began its scholarship program in 1961 to ensure that motivated and committed students join in the effort to ensure California's water quality, and to implement sound water management policies. This year, ACWA continues its academic scholarship program by offering a graduate level scholarship, in the amount of \$7,000, to a qualified student.

PLEASE NOTE: Students should read all guidelines and award criteria to ensure they are eligible to apply for the ACWA Water Law and Policy Scholarship. **APPLICATIONS MUST BE POSTMARKED ON OR BEFORE APRIL 1, 2012.**

PLEASE TYPE OR PRINT ALL ENTRIES

Last Name	First Name	Middle Name	Student ID #

(If you need more space to respond to any of the following questions, please attach a separate piece of paper.)

1. Attach your curriculum vitae
2. Attach **sealed, complete** college transcripts from all schools attended including current course of study.
3. Attach at least three letters of recommendation from postsecondary work and/or other programs of study. Examples could include letters from professors, internship directors, ACWA member public water agency, etc.

4. Briefly describe any past or current employment and internships directly related to your field, and the average number of hours worked per week:

5. List your extra curricular activities in college, the community, etc. (Please include all activities related to California's water industry):

6. List significant awards, recognition, honors, etc., you have received, including dates:

7. List any public works, articles etc. you have published, including dates:

8. List any professional and scholastic societies of which you are a member and any offices held:

9. How will this scholarship impact and/or contribute to your current financial situation as it pertains to your educational goals?:

10. Please describe your post-graduate/career goals.

11. Attach a typed 2-3 page essay addressing the following:

- Identify key water-related issues you would address, if given the opportunity.
- Why have you chosen a career in the water resources field?
- How do your educational and career goals relate to a future in California water resources?
- What do you see as the key future challenges facing water in California?
