Recommendations  
Regarding  
Dissemination of  
Student Learning  
Outcomes:

Senators welcomed Curriculum Committee members Judy Eckhart, Terry Humphrey, and Linda Locklear.

Motion 2

MS O'Brien, Hartensveld: Faculty Senate support of the following motion passed by members of the Curriculum Committee on November 17, 2010:

MSC Trigas, Eckhart In compliance with Standard II.A.6 of the ACCJC's Accreditation Standards, which states, "*The institution assures that students and prospective students receive clear and accurate information about educational courses and programs and transfer policies. The institution describes its degrees and certificates in terms of their purpose, content, course requirements, and expected student learning outcomes. In every class section students receive a course syllabus that specifies learning outcomes consistent with those in the institution's officially approved course outline,*" the Curriculum Committee recommends to the Faculty Senate that all SLOs are published on course syllabi. In addition, faculty and departments may choose to publish SLOs on department web pages and/or on personal web pages. The motion was passed unanimously.

The motion was eventually tabled.

One Senator noted that the language of the recommendation appeared to be stronger than versions of the motion which had previously appeared before the Senate.

Linda Locklear commented on the Faculty Senate's actions in tabling and/or voting down the Learning Outcomes Council's and Curriculum Committee's recent motions to publish SLO's in course syllabi, web pages, and/or on personal web pages. She expressed her frustration, noting that in order for the district to be in compliance with accreditation standards, these guidelines must be adopted campus-wide. Judy Eckhart added that although it is understandable that some faculty members on campus are uncomfortable with SLO's, we need to move on to the next step as a college in this process. Terry Humphrey encouraged the Senate to support the Curriculum Committee's motion, noting that many faculty members already include SLO's in their syllabi, and part-time faculty members will benefit from the Curriculum Committee's recommendation.

Some Senators agreed, but others expressed reluctance, citing concerns about academic freedom and the need for clarity in the evaluation process, particularly for part-time faculty members. Lengthy discussion followed on ways to integrate this recommendation and still honor departmental autonomy. One Senator suggested amending the motion with language specifying that SLO's will not be utilized in evaluations or for discipline, making it consistent with the language of Article 17 of the faculty contract, which covers evaluations.

Barb Kelber expressed concern as the Tenure & Evaluations Coordinator, noting that the original wording of the motion on the table was unclear, and such an amendment, if not

carefully worded, would create additional confusion. She argued that the language of the recommendation does not allow for coherence at the department level, and faculty members are particularly vulnerable in the area of evaluations in the absence of clarity and departmental guidelines. The Faculty Senate expressed its appreciation for the work of both the Learning Outcomes Council and the Curriculum Committee.

Because consensus could not be reached, Senator Perry Snyder suggested tabling the motion until next week, without objection.

Motion 3

MSC Snyder, McDonough: To table Motion 2 until next week's meeting in light of the need to address other items on the Agenda. The motion carried.

This item will be brought back for further discussion and/or action at next week's meeting. Monika Brannick asked Senators to come to the meeting prepared to offer suggestions and/or alternatives to move this item forward in the process.

Committee

Appointments:

There were no committee appointments.

Elections:

Patrick O'Brien reminded Senators that nominations for vacancies on the Faculty Senate will be accepted until November 29.

Emeritus:

Motion 4

MSC Laughlin, Davis: Faculty Senate ratification of the granting of Emeritus status to the following Palomar College retirees:

Karen Huffman, Professor, Behavioral Sciences, effective December 19, 2010. She has served Palomar College for 30 years from September 2, 1980 to December 18, 2010.

Jerry L. Houser, Professor, Earth, Space and Aviation Sciences, effective December 18, 2010. He has served Palomar College for 28 years from February 8, 1982 to December 17, 2010.

Candice Francis, Instructional Dean of Mathematics and the Natural and Health Sciences, effective December 25, 2010. She has served Palomar College for 37 years from September 4, 1973, to December 24, 2010. (Became full-time professor in Life Sciences on July 1, 1988).

The motion carried.

Guiding Principles of  
SLO Assessment:

Copies of the document, "Guiding Principles for SLO Assessment," were distributed via email to Senate members last week. Monika Brannick asked Senate members to review it for discussion at next week's meeting.

PRP Forms:

Senators received electronic copies of the following PRP forms last week:

Palomar College – Program Review and Planning Instructional Programs Year 1 - Academic Year 2010-11

Palomar College – Program Review and Planning Update – Instructional Programs

Palomar College – Program Review and Planning – Instructional Support of Other\* - Academic Year \_\_\_\_\_

Academic Department Resource Requests – Do not include Discipline specific Requests\*

Monika Brannick indicated that the documents have been approved by the Instructional Planning Council and are coming to the Senate for ratification. No questions or concerns were brought forward on the documents.

One Senator urged fellow Senators to recognize an important threshold signified in the PRP forms, as student "success" is now formally recognized by the distribution of passing grades in courses. These measures of success are now formally tied to funding.

Motion 5

MSC O'Brien, Snyder: Faculty Senate ratification of the Program Review and Planning documents. The motion carried.

Report from the  
Academic Senate  
Fall Session:

Monika Brannick recently attended the fall session of the Statewide Academic Senate in Anaheim, and she provided the following report on some of the important issues:

**SB 1143** - Student Success and Completion (see attachment), approved by the Governor September 28, 2010.

SB 1143 calls for the Board of Governors to develop a plan to promote and improve student success, to establish a task force to examine specified practices and models for accomplishing student success, and for the task force to make recommendations on student success and the assessment metrics used to measure success. This bill could alter the California Community Colleges' funding structure to one based on accountability measures of student success as the primary means of funding.

**SB 1440** - The Student Transfer Achievement Reform Act, approved by the Governor on September 29, 2010.

This bill requires the Community Colleges of California to have Associate of Arts/Sciences for Transfer degrees in place by fall 2011. For more information on the bill go to the webpage: <http://www.aroundthecapitol.com/billtrack/text.html?bvid=20090SB144089CHP>.

The C-ID Faculty Discipline Review Group working on the Course Identification Numbering System (C-ID) was charged to develop transfer model curriculum. At this time, there are drafts of 6 such models in place: Sociology, Communication Studies, Psychology, Geology, Math, and Criminal Justice. To review these models and give feedback to the group, go the webpage: <http://www.c-id.net/index.html>.

Senators discussed the legislation at length, and expressed the need for campus-wide dialogue on such important issues. Faculty members are encouraged to visit the Statewide Academic Senate's website at <http://www.asccc.org/> to keep abreast of issues that directly impact faculty and students.

Brannick continued her report on the Statewide Academic Senate's fall session. Other items of interest included the following:

- The creation of a Part-time Faculty Award consistent with the Full-time Faculty Award.
- The Statewide Academic Senate recommends a change to Title 5 to limit administrative interim positions to no longer than two years with no exceptions.

- All local Academic Senate's are encouraged to review and, if necessary, update their Academic Freedom policies to assure that they are consistent with the policies of the American Association of University Professors.

Additional discussion followed, and there was agreement that the Faculty Senate should host a faculty forum in the spring semester to provide a venue for broad discussion on these important issues. Senators Teresa Laughlin, Jackie Martin-Klement, and Wendy Nelson volunteered to oversee the event.

ADJOURNMENT: The meeting was adjourned at 3:35 p.m.

Respectfully submitted,

Barb Neault Kelber, Secretary
