

Palomar College – Institutional Review and Planning Instructional Programs

Purpose of Institutional Review and Planning:

The institution assesses progress toward achieving stated goals and makes decisions regarding the improvement of institutional effectiveness in an on-going and systematic cycle of evaluation, integrated planning, resource allocation, implementation, and re-evaluation. Evaluation is based on analyses of both quantitative and qualitative data (ACCJC/WASC, Standard I, B.3.)

Discipline: German

2. Reflect upon and analyze the above 3-year trend data. Briefly discuss overall observations and any areas of concern or noteworthy trends.

Enrollment in German classes continues to grow. In Summer 2008, the Department is offering an additional section of German with the intent of strengthening the discipline and meeting the demand for these courses. By offering elementary courses in the summer, more students are prepared to enroll in intermediate level courses in the Fall and Spring Semesters, thereby increasing our enrollment in German 201 and 202. These summer classes also attract a large number of students from other colleges, universities, and high schools.

3. Reflecting on the 3-year trend data, describe/discuss discipline planning related to the following:

PLAN – 2007-08	Progress – 2008-09
<p>a. Curriculum, programs, certificates and degrees (consider changes due to CSU/UC transfer language updates, articulation, workforce and labor market projections, certificate or degree completions, etc.)</p> <p>In the field of foreign languages, recent trends show increased student demand for certificates and AA Degrees in a foreign language. To meet this demand, our department has added this year an AA Degree and a Certificate Program in French. We are in the process of creating such a program in Spanish. We need to be able to create similar programs in other disciplines. Without full-time faculty in the other disciplines, such as German, we are unable to do so and thus compete with community colleges in our area.</p> <p>Presently the Foreign Languages Department offers:</p> <ul style="list-style-type: none"> • Germ 101 • Germ 102 • Germ 201 • Germ 202 	<p>The Department needs to hire a full-time contract faculty member in this discipline.</p> <p>With the increased demand for certificates and AA Degrees in a foreign language, we need to investigate offering an AA degree in this language. These actions, as well as the actions in 3B, will enable this program to compete with other Community Colleges in our area.</p> <p>The German 101 course outline has been updated, SLO's added, and the course outline has been launched in Curricunet. Other levels will follow soon.</p>
<p>b. Class scheduling (consider enrollment trends, growth, course rotation, comprehensiveness, etc.)</p> <p>Summer 2008, we are offering one additional section (for a total of two sections) of German.</p> <p>Fall 2008, additional sections of German are being offered to meet the demand.</p>	<p>The German program had the highest enrollment year-to-date in the Fall of 2006 when there were two sections of 101 offered. Combining the 101A and 101B has had a positive impact in the German language. In addition, in the Fall of 2008, the Department began offering 2 sections of German 101, one section of German 102 and one section of 201. This resulted in increasing the enrollment in this discipline. In order to expand this program, the Department needs to continue to offer sections of 101, 102 and 201 every semester.</p>

4. Discuss/identify the resources necessary to successfully implement the planning described:

PLAN – 2007-08	Progress – 2008-09
<p>a. Equipment/Technology – block grant funds, VTEA, other resources, etc.</p> <p>With growing enrollment, more laboratory space is desperately needed. With only 23 computers in our lab, we are under equipped to serve our students who must complete their 16-hour language lab requirement. This problem is even more serious in the summer because of the compressed schedule.</p> <p>Equipment needed include: Computers, DVD players, lab management software, updated versions of lab software (such as Rosetta Stone), additional foreign films, Sanako language learning software and hardware, and software subscription to “Scola” and “Before you know it”.</p>	<p>The desperate need for language laboratory space still exists, but the ESL Laboratory in Escondido has been made available to our language students. In addition we have hired a part-time hourly worker to staff that lab.</p> <p>The serious problem of the overcrowded lab in the summer may be somewhat alleviated because we have changed the scheduling of many of our summer classes from 4 week sessions to 6 week sessions.</p> <p>Additional software programs, movies, and instructional materials need to be purchased to better serve our German students. The program “Eurotalk” was purchased for use in the lab by German students.</p>
<p>b. Budget – budget development process, one-time funds, grants, etc.</p> <p>Funds are needed to expand our language laboratory and to purchase additional equipment. (See above 4a)</p>	<p>Funds (\$5000.00) were transferred from the FL Department budget account #500010 to the Laboratory Student Hourly Account #230010 to supplement their budget and make it possible to pay student hourly workers.</p>
<p>c. Facilities – schedule maintenance needs, additional classrooms/labs due to growth, remodeling, etc.</p> <p>MORE dedicated classrooms. MORE lab space. Our department has expanded by offering additional sections. Our limitation is classroom space (dedicated classrooms) that we can rely on to offer classes over the next five years as we prepare to move into the Humanities building. The current language lab cannot accommodate the number of students in our program.</p>	<p>We resolved to some degree our need for more classrooms by scheduling some language classes in both the NS and MB buildings. For the most part, instructors have responded favorably to these facilities.</p> <p>The Department is still in great need of dedicated classrooms and more language lab accommodations.</p>
<p>d. Faculty position(s) – faculty priority process and projected full-time needs for 1 – 3 years</p> <p>We have fewer full-time faculty members today than we did in 2001. We have gone from 10 full-time to 8 full-time faculty members. We have not replaced all retirements nor have we added new faculty as the department has grown. Our professor of German, Tim Ulman, retired in January 2003 and <u>still</u> has not been replaced.</p> <ul style="list-style-type: none"> For academic year 2009/2010, we desperately need a full-time faculty member in <u>German</u>. 	<p>In order to bolster the growth of the German program, the Department and the College need to follow through with their commitment to add to a full-time contract position in this discipline. A full-time faculty position is instrumental in placing the German program at Palomar in competition with other local Community Colleges.</p>

<p>e. Staff position(s) – changes in instructional or support needs due to program growth, new technology, etc.</p> <p>Needed: 2 full-time Instructional Support Assistant I positions.</p> <p>a. We lost our full-time Instructional Support Assistant I position (100%, 12-month contract) in 2003 when the employee resigned. This position has never been replaced. An Instructional Support Assistant was transferred from ESL to work in our department but her contract is only part-time (45%, 10-month contract). Currently, we rely on student workers to staff the lab during peak times and summer months.</p> <p>b. We will need an additional Instructional Support Asst. I full-time (100%, 12-month) position to support new lab space.</p>	<p>Needed: We lost our full-time Instructional Support Assistant I position (100%, 12-month contract) in 2003 when the employee resigned. 5. Discuss one discipline goal linked to Palomar's Strategic Plan 2009 and how it will support the success of students.

Strategic Plan 2009: "Facilitate student learning and goal attainment by providing comprehensive educational programs and services in diverse, accessible formats and locations: Develop and implement an institution wide plan that includes strategies to improve retention (course completion) and persistence (semester to semester attendance and completion)."

Our goal in the Foreign Languages Department is to offer a wide range of transfer-level classes in a variety of formats and meeting times. We offer courses in German at the San Marcos campus. Our strategies to improve retention and persistence include offering classes in the afternoon and evening. When additional classroom space becomes available, we intend to offer classes during the morning. We have also responded to community demand for additional classes by offering two sections of German during Summer 2008.

6. Student Learning Outcome progress:

a. Describe a learning outcome at the course or program level and the assessment used to measure student learning of that outcome.

Learning Outcome: Intermediate level speaking skills.

In our third semester language courses, (201 level) students learning outcomes are measured through oral presentations, in-class speaking activities, recordings made by students, oral interviews and in-class pair-work.

b. Discuss a learning outcome that is observable yet difficult to measure.

Learning Outcome: Cultural Insight, an awareness and appreciation for the culture of the speakers of the target language.

Students at all levels study the culture of the target language through the study of festivities and holidays, the customs and traditions of each society and their impact on our culture. Students are asked to make cultural presentations at all levels of language learning. Also emphasized is the importance of artists and historical figures that shape our world.

7. Describe a discipline accomplishment that you want to share with the college community.

In Summer 2008, an additional German section is being offered, making a total of two German classes taught for that period.

8. Are there other resources (including data) that you need to complete your discipline review and planning?

9. For programs with an external accreditation, indicate the date of the last accreditation visit and discuss recommendations and progress made on the recommendations.

10. Other comments, recommendations:

<p>Our goal with this report is to express the needs and accomplishments of our department. We are committed to offering students a variety of learning and cultural experiences through the study of languages. We feel the need to hire faculty that will represent all languages taught in the department. We are committed to developing stronger programs for all the disciplines offered and we know that this can only be done by hiring full-time faculty.</p>
