

To Be Arranged Opportunities

Faculty Mentor for New Faculty

Code # 76

Contact: Martin Japtok, Professional Development

Dates/Times: TBA

PD Hours: TBA

Description: Palomar College has developed a program to facilitate the orientation and induction of new full-time faculty members by teaming new faculty with experienced faculty in a non-supervisory relationship.

The Faculty Mentor Handbook and application are available on the Professional Development web site at www.palomar.edu/pd

Palomar Mentor Program for Students

Code # 77

Palomar College is committed to student success and helping students identify and reach their educational goals. In an effort to strengthen students' connection to the campus, the Palomar Mentor Program has been created. Participants will have the opportunity to work with three to five students. Support may come in the form of individual meetings, referrals to support programs or other out-of-class interventions designed to improve student success. The programs will strengthen student/faculty relationships outside the classroom and provide faculty the opportunity to develop an academic support system.
