Title: Administration of Justice: Emergency Management for Public Safety Personnel

Award Type: Certificate of Achievement (18 units or more)

Client: Palomar

Description:

The Certificate of Achievement in Homeland Security prepares students for careers in protecting national security and safeguarding public safety in the face of evolving threats. Through a comprehensive curriculum, students gain knowledge and practical skills in emergency management, intelligence analysis, cybersecurity, and counterterrorism. This program emphasizes critical thinking, ethical decision-making, and effective communication within the context of homeland security operations. Students will learn to assess risks, develop response strategies, and implement security measures to address various security threats, including terrorism, natural disasters, and cyber attacks. Internship opportunities provide hands-on experience in real-world settings, while faculty expertise and industry partnerships ensure relevance and currency in the field. This program also provides a pathway to further education in Homeland Security, Emergency Management, Cybersecurity, and related fields.
