

## **Rights and Reporting of Sexual Misconduct:**

You have the right to decide if, when, and to whom sexual misconduct is reported.

If you decide to report the incident, the report is filed directly with the Title IX Coordinator who will assist you by providing you with all available complaint filing options.

The right to confidentiality is maintained—within the limits of the law—for you and the person against whom the complaint is made so long as the college is able to investigate and take action to resolve the complaint. Please note: All faculty are mandated reporters which means allegations of sexual misconduct and harassment shared with faculty must be reported to the College.

Whether you personally experienced sexual misconduct, witnessed misconduct, or had someone report misconduct to you, you have the right to report sexual misconduct without retaliation or fear of reprisal.

## **Resources:**

Reporting of sexual misconduct and harassment are made to the Title IX office.
