GENERAL INFORMATION

Public Contract Code §20651.5 permits the Governing Board of any Community College District to require each prospective bidder for a contract, as described under §20651 to complete and submit to the District a standardized questionnaire and financial statement in a form specified by the District, including a complete statement of the prospective bidder's financial ability and experience in performing public works construction/improvement projects. In accordance with §20651.5, the Palomar Community College District (District) has developed a Pre-qualification application and which must be completed in advance by all companies seeking to bid construction projects.

The District intends to enter into contracts with contractors to construct public works construction/improvement projects funded by Proposition "M" as well as state and other funds. All firms interested in bidding as a General or Prime Contractor (for all construction projects valued at more than \$250,000) for the Palomar Community College District (hereinafter District) must fully complete this Pre-qualification Application, provide all materials requested herein and be approved by the District. Only one copy of the Application is required to be submitted.

Answers to questions contained in the attached Standard Form of Questionnaire and Financial Statement are required, including a complete statement of prospective bidder's financial ability and experience in performing public works. These documents will be the basis of rating bidders in respect to the size and scope of contracts upon which each bidder is qualified to bid. The District reserves the right to verify the information submitted by the Applicant in any related documents, or by supplemental information or data as necessary. Omission of requested information can result in automatic disqualification.

In addition to prequalification by the District, all contractors must be registered with the Department of Industrial Relations (DIR) pursuant to Labor Code §1725.5 in order to be qualified, submit a bid on, or to perform work on a public project over \$1,000.00. At all times during performance of the project, the bidder/contractor and **all** subcontractors, **of any tier**, must be registered with the DIR, subject to the following timelines: No contractor or subcontractor may be listed on a bid for a public works project (submitted on or after March 1, 2015) unless registered with the Department of Industrial Relations (DIR) and no contractor or subcontractor may be awarded a contract from a public works project over \$1,000.00 (awarded on or after April 1, 2015) unless registered with the DIR per California Labor Code §1725.5. Subject to the timelines set forth above, bids submitted by contractors not registered with the DIR will be rejected as non-responsive.

All costs associated with completion of the Application shall be borne by the Applicant. The District shall not, in any event, be liable for any expense incurred by the Applicant in connection with the preparation, completion or submission of the Application.

The questionnaire and financial statements are not public records and are not open to public inspection. All information provided will be kept confidential to the extent permitted by law. Palomar Community College District reserves the right to reject any and all prequalification questionnaires and to waive any irregularities in the information contained therein.

Each questionnaire must be signed by an individual who has the legal authority to bind the contractor on whose behalf that person is signing. If any information provided by a contractor becomes inaccurate, the contractor must immediately notify the awarding body and provide updated accurate information in writing and under penalty of perjury.

PRE-QUALIFICATION PROCESS

The Pre-Qualification application consists of three (3) primary review modules, which will be used to review the Applicants.

Module 1: The first module consists of a list of questions to which the Applicant must answer "Yes". If the Applicant answers "No" to any of the questions, the Application will automatically be rejected. If the Applicant answers "Yes" to all of the questions, the Applicant will proceed to the Module 2.

Module 2: The second module consists of a list of "Rating Questions" all of which the Applicant must answer. If the Applicant's score on Module 2 meets the minimum of at least 65 the applicant will proceed to Module 3. If not, the Application will be rejected.

Module 3: The third module consist of a list of reference interview questions, which will be asked of previous clients project contacts by Application Review Panel. If the Applicant's score on the third module is sufficient, the Application will be approved. If the Applicant's score on Module 3 is not sufficient, the Application will be rejected.

In summary the Applicant must successfully pass all 3 modules of the Application in order for the Applicant to be pre-qualified.

The following can result in denial of Pre-qualified status:

1. Failure to submit any material information required on the questionnaire.
2. Deliberate submission of false information.
3. Debarment or suspension by any public entity.
4. Conviction of a crime or public offense.
5. Failure to comply with SB854; register and qualify under the Department of Industrial Relations (<http://www.dir.ca.gov/Public-Works/PublicWorks.html>)
6. Any combination of substantive factors including, but not limited to, disregard of laws regulations, history of failure to perform in other contracts, unresolved tax liens, etc., which in the sole discretion of the District, do not meet the standards of fitness or

reliability expected from companies wishing to do business with the District.

Once the review and evaluation is complete, the applicant will be notified by letter whether the Pre-qualification has been approved or denied. Only Applicants for whom the Pre-qualification application has been approved will be permitted to submit a bid for any District construction project valued at more than \$250,000.

Prequalification is valid for a maximum of one year and expires on June 30 each year, at which time a prequalified contractor may fill out another application to extend their status through June 30 of the following year.

The District reserves the right to revoke the prequalified status of any contractor that is not performing appropriately on District projects or other projects. Any applicant denied has a right to appeal the decision. See page 23 for appeal process instructions.

Note 1: The District's Prequalification does not preclude a firm from any project specific prequalification required by District's contracted Construction Managers, nor is it a prerequisite for the same.

Note 2: If a firm's current ratio falls below the 1.20:1, the District reserves the right to review and consider other pertinent financial information and ratios.

PROCEDURE FOR APPEAL OF PRE-QUALIFICATION RESULTS

Any Applicant denied Pre-Qualification has a right to appeal the decision. The Applicant has five (5) business days from the date of the Denial Notification to file a written appeal with the District's Department of Contract Services, at the Application submittal address shown above. The District will call to order a three-member Review Panel for appeals. None of the Review Panel members shall have participated in the prior review of the Application. Upon receipt of the written appeal, the Review Panel will meet to address the appeal. The Panel may consult with District counsel during its review. The Panel will examine the appeal and the facts surrounding the determination before making a decision. The Panel's decision is the final decision of the District. There are no further administrative appeals. The District's formal contract protest procedure is not applicable or available in this appeal process.
