

Section 6 – Graduation and Transfer Information

Palomar College provides occupational as well as general education for the student who plans to complete formal education at the community college level. In addition, the College provides the lower division requirements in general education and in preprofessional majors for those students who plan to transfer to upper division colleges and universities.

To assist the student in educational planning, this section of the catalog describes the graduation requirements for the Associate in Arts degree, the requirements for certificate programs, and information on transfer requirements.

Associate in Arts (AA) Degree Requirements

I. Minimum Units

The Associate in Arts degree requires completion of a minimum of sixty (60) degree-applicable semester units. Courses numbered 1-49 do not count in the sixty (60) units toward the degree. (See the Course Numbering System and Transfer Identification listing.)

II. Grade Point Average (GPA)

Maintain a cumulative grade point average of 2.0 ('C' average) or higher for all degree-applicable course work attempted. Some specific programs may require a higher grade point average. Refer to the individual Programs of Study for further information. In calculating a student's degree applicable grade point average, grades earned in non-degree applicable courses, numbered 1 - 49, will not be included.

III. Residency

Complete a minimum of twelve (12) semester units in residence as an officially enrolled student at Palomar College.

<u>IV. Major</u>

There are three Associate in Arts degree options, General Studies, Specified Palomar Major, and Liberal Arts and Sciences. The District and General Education Requirements listed below apply to all three options.

Option 1 – General Studies

Study in general education providing maximum flexibility in program design leading to an Associate in Arts Degree. Students planning to transfer to a four-year institution are cautioned that this curriculum may not provide for completion of the lower division requirements for transfer to a four-year institution.

Requirements

- 1. Complete the AA Degree District Requirements.
- Complete the AA Degree General Education Requirements.
 Complete one General Studies Emphasis selected from Arts and Humanities, Science and Mathematics, or Social and Behavioral Sciences. See page 159 for a complete listing of Emphasis courses.
- 4. Complete electives, if needed, to obtain a minimum of 60 degree-applicable units.

Option 2 – Specified Palomar Major

Provides study in general education and an AA degree major designed as preparation for the workplace. Students planning to transfer to a four-year institution may need to meet additional requirements.

Requirements

- 1. Complete the AA Degree District Requirements.
- 2. Complete the AA Degree General Education Requirements.
- 3. Complete the Major Requirements as outlined in the program offerings.
- 4. Complete electives, if needed, to obtain a minimum of 60 degree-applicable units.

Option 3 – Liberal Arts and Sciences

Study in general education providing maximum flexibility in program design leading to the Associate in Arts Degree, while preparing for transfer to a four-year college or university. Students planning to transfer to a four-year institution will need additional requirements as preparation for a major.

Requirements

- 1. Complete the AA Degree District Requirements.
- 2. Complete one General Education transfer pattern as listed below:
 - a) Intersegmental General Education Transfer Curriculum (IGETC) for transfer to the University of California or California State University system
 - b) California State University General Education (CSUGE) Certification pattern
- c) UCSD Transfer Admission Guarantee (TAG) contract
- 3. Complete electives, if needed, to obtain a minimum of 60 degree-applicable units.

Contact the Counseling Center (760) 744-1150, ext. 2180, for further information about any of the three AA degree options. Official transcripts from all institutions previously or concurrently attended must be on file with the Records Office.

V. District Requirements

1. Competence in Reading and Written Expression

Complete English 100 with a grade of 'C' or better.

2. Competence in Mathematics

Competence may be demonstrated by course completion or examination.

Course Completion:

Complete Mathematics 56 or 60 with a grade of 'C' or better.

Examination (acceptable tests and scores listed below):

Palomar College Assessment Tests:

- ASSET: Minimum score of 24 on the intermediate algebra section
- ASSET: Minimum score of 15 on the college algebra section
- COMPASS: Minimum score of 57 on the college algebra section
- CPT: Minimum score of 86 on the college-level mathematics section
- National Tests:
- ACT: Minimum score of 19 on the mathematics section
- AP: Minimum score of 3 on the Calculus AB or BC exam
- CLEP: Minimum score of 50 on an approved CLEP mathematics examination. See a counselor for a list of approved examinations.

SAT I: Minimum score of 550 on the mathematics section

3. Competence in American History and Institutions/California Government

Competence may be demonstrated by course completion or examination.

Course Completion:

Complete one of the following pairs of courses with grades of 'C' or better.

Africana Studies 101 and 102 American Indian Studies 101 and 102 Chicano Studies 101 and 102 (*pending review*) History 101 and 102 History 140 and 141 Political Science 101 and 102 (*pending review*)

Examination (acceptable tests and scores listed below):

Palomar College departmental exam:

Successfully pass the competency test administered by the Economics, History, and Political Science Department

National Exams (also requires completion of Political Science 120 or 102 with a grade of 'C' or better):

- AP: Minimum score of 3 on the American History exam
- CLEP: Successfully pass the History of the U.S. I and II exams. Palomar College accepts the ACE (American Council on Education) recommended score for passing. See a counselor for further clarification.
- SAT II: Minimum score of 550 on the United States History exam

Students who have completed the American Institutions requirement except for the California government portion must complete one of the following courses:

Political Science 120 (1 unit) Political Science 102 (3 units)

4. Competence in Health and Physical Education Competence may be demonstrated by course completion, examination, or military service.

Course Completion:

Complete Health 100 with a grade of 'C' or better.

Complete equivalent lecture and physical activity course work with grades of 'C' or better. See approved courses below.

Approved lecture courses (minimum of 9 units): Health/Family & Consumer Sciences 165 and

Psychology 100 and

Biology 105 or 106 or Zoology 145 or 200 or 203 Approved physical activity courses (minimum of 1 unit):

Physical Education 125, 127, 128, 129, 130, 135, 136, 150, 151, or any Athletics and Competitive Sports course

Examination (acceptable tests and scores listed below): Palomar College departmental exam:

Successfully pass both the written and physical activity competency tests administered by the Physical Education Department

Military Service:

United States military personnel and veterans may be given three units of credit with proof of 181 days of continuous active duty. Submit copy of forms DD214 or DD295 to the Records Office.

Note: Students in programs such as the Police Academy, Fire Academy, or the EME Paramedic program must meet the above course requirements. Students earning degrees in Nursing meet this requirement through completion of the nursing curriculum.

5. Multicultural Requirement

The overall goal of the Palomar College multicultural course requirement is to promote intercultural

understanding and

communication in local, national, and global contexts. Students may satisfy this requirement by completing a minimum of 3 units from the approved courses listed below. These courses may or may not satisfy another institution's multicultural requirement.

Students must be sure that the course is on the approved list during the academic year in which it is taken. The following courses will meet the requirement effective fall 1997, or with the semester noted in brackets. Courses taken prior to fall 1997 may not be used to meet this requirement.

Course equivalencies from other institutions may be accepted if the course meets the spirit of the Palomar Multicultural Course Requirement, i.e., it is focused on a study of culture and includes an emphasis on one or more of the four American subcultures listed in Palomar's requirement: African American, Latino/Latina, Asian or Pacific Islander, and Native American.

Additional Degree Information

Catalog Rights and Continuous Enrollment Criteria The catalog used to determine eligibility for graduation will be the catalog in use at the time the student began continuous enrollment at Palomar College. A student may also elect to graduate under the catalog in use during the semester of application for graduation.

Continuous enrollment is defined as attendance in one semester or two quarters (excluding summer) within a calendar year in the CSU, UC, or California Community College system. For example, a student attending Palomar College during the spring semester of a given year, not attending Palomar College, UC, or CSU during the following summer, but returning to Palomar the following fall semester, would be in continuous enrollment. If a student does not maintain continuous enrollment, the evaluation will be based on the requirements in effect at the time of return to Palomar College.

Notice of Intent to Graduate

When all District and General Education Requirements are completed or in progress, students should submit an Application for Graduation to the Evaluations Office in the Student Services Center, room SSC-40. Applications are available in the Counseling or Transfer Centers, the Evaluations Office, or online. Deadlines are strictly adhered to; applications must be submitted no later than the dates listed below.

Spring graduation – February 28th Summer graduation – June 30th Fall graduation – September 30th

Second Associate in Arts Degree

- A student who has received an AA degree, and maintained continuous enrollment, may pursue subsequent AA degrees by fulfilling the major requirements.
- 2. A student who has received an AA degree, but did not maintain continuous enrollment, may pursue a new program under the catalog of readmission.
- 3. A student who has received an AA degree, but did not maintain continuous enrollment, may pursue subsequent AA degrees by fulfilling the major, GE, and district requirements under the catalog of readmission.
- 4. A student with an AA degree from another college must pursue subsequent AA degrees at Palomar by fulfilling the major, GE, and district requirements under the catalog of readmission.
- 5. Subsequent diplomas and certificates are conferred in May.

Certificate of Achievement (CA) Requirements

Official transcripts from all previous institutions attended must be on file with the Records Office. Students will be eligible to receive a Certificate of Achievement if they complete the specific course requirements as listed under the majors in the next section of the catalog. In addition to the course requirements, students should be aware of the following guidelines.

- 1. Fifty percent (50%) of a certificate program must be taken in residence at Palomar College. The remaining courses may be completed at other accredited institutions. Substitutions or waivers must be approved by the appropriate Department Chair/Director.
- A grade of 'C' or higher must be achieved in all certificate courses except where other grade requirements are specified by law. A Department Chair/Director may waive one (1) 'D' grade with written justification.
- Equivalent courses from other institutions may be determined by the Evaluations Office with the exception of Water/Wastewater Technology Education. Certificate credits or courses may be substituted or further equivalencies determined with written justification and approval of the Department Chair/Director.
- 4. Continuous enrollment is defined as attendance in one semester or two quarters (excluding summer) within a calendar year in the CSU, UC, or California Community College system. If a student does not maintain continuous enrollment, the evaluation will be based on the requirements in effect at the time of return to Palomar College.
- 5. It is the responsibility of the student to ensure satisfactory completion of the certificate requirements. When all requirements are completed or in-progress, students should submit an Application for Graduation to the Evaluations Office in the Student Services Center, room SSC-40. Applications are available in the Counseling or Transfer Centers, the Evaluations Office, or online. Deadlines are strictly adhered to; applications must be submitted no later than the dates listed below:

Spring graduation – February 28th Summer graduation – June 30th Fall graduation – September 30th

Conferring of Degrees and Certificates of Achievement

Associate in Arts degrees and Certificates of Achievement will

be conferred formally at the Commencement ceremony held in May at the end of each spring semester. However, students will receive their degree or certificate following the close of the semester in which they apply for graduation.

Certificate of Proficiency (CP) Requirements

Certificates of Proficiency are designed to certify basic workplace competencies and job readiness for students who are entering the workforce. In addition to course and certificate requirements, students should be aware of the following:

- 1. All courses required for each certificate must be taken in residence at Palomar College.
- 2. A grade of 'C' or higher must be achieved in all certificate courses except where other grade requirements are specified by law.
- 3. It is the responsibility of the student to ensure satisfactory completion of the certificate requirements. When all requirements are completed or in-progress, students should submit an application for the certificate to the Evaluations Office. Applications are available in the Counseling Center, Transfer Center, Evaluations Office, or online.
- Applications must be submitted no later than: Spring deadline – February 28th Summer deadline – June 30th Fall deadline – September 30th
 Cartificates of Preficiency are not awarded at the set of the set of
- Certificates of Proficiency are not awarded at the Palomar College Commencement Ceremony. Certificates will be mailed to students following the close of the semester in which they apply.

Transfer Planning

Students planning to transfer to a four-year university have a wide variety of options. The California State University (CSU) with 23 campuses, the University of California (UC) with 9 campuses, and 77 private, independent colleges in California provide a wide range of academic programs, physical and academic environments, and social climates. Palomar College offers the equivalent of the first two years of these four-year college and university degrees. Students wishing to pursue any of these educational alternatives should meet with a counselor as early as possible to discuss their educational plan.

Successful transfer planning requires the following steps:

- Selecting an academic/career goal
- Selecting an appropriate major to meet your goal
- Selecting the most suitable college or university
- Developing and completing a course of study in preparation for transfer
- Completing the application process

Students are encouraged to take advantage of the resources and assistance available in the Transfer Center to successfully complete the steps listed above.

All colleges and universities have specific admission requirements, and may have course and unit requirements as well as minimum grade point averages that must be met prior to transfer. Four-year colleges and universities require students to complete specific general education requirements and major preparation requirements. Students should complete as many of these requirements as possible before they transfer. The Transfer and Counseling Centers maintain articulation agreements with many colleges and universities which list courses that satisfy general education requirements and lower division major preparation for transfer.

The California State University (CSU) System

The California System of State Universities and Colleges provides upper-division educational programs for California Community College transfer students.

Palomar College students wishing to transfer to a California State University may choose from the following campuses:

Bakersfield (Q)	California Maritime Academy (S)
Cal Poly, Pomona (Q)	Cal Poly, San Luis Obispo (Q)
Channel Islands (S)	Chico (S)
Dominguez Hills (Q)	Fresno (S)
Fullerton (S)	East Bay (Q)
Humboldt (S)	Long Beach (S)
Los Angeles (Q)	Monterey Bay (S)
Northridge (S)	Sacramento (S)
San Bernardino (Q)	San Diego (S)
San Francisco (S)	San Jose (S)
San Marcos (S)	Sonoma (S)
Stanislaus (4-1-4)	

S = Semester system; Q = Quarter system

Students planning to transfer to a California university should plan a program to meet the admissions and graduation requirements of the specific institution that they plan to attend. Transfer admission eligibility is based on transferable college units and/or high school record(s) and test scores. Each institution has its own requirements for admission and for junior standing. To prepare for transfer, students must decide which campus they will attend through research in the Transfer Center, SSC Building, and consult a counselor for the specific requirements for that particular campus and to create a written educational plan.

Upper Division Transfer Admission Requirements

You are eligible for admission if you:

- 1. Have a college grade point average of 2.0 or better (2.4 for non-California residents) in all transferable college units completed.
- 2. Are in good standing at the last college or university attended, i.e., you are eligible to re-enroll.
- Have completed or will complete prior to transfer at least 30 semester units (45 quarter units) of courses which include English Composition, Oral Communication, Critical Thinking, and Mathematics, with grades of 'C' or better in each course.
- 4. Have a total of 60 CSU transferable units.

Please be advised that these are **minimum entrance requirements**, and that they do not guarantee admission to any of the 23 CSU campuses. Many CSU campuses are currently requiring completion of all general education courses, as well as completion of all lower division major preparatory course work offered at the community college you are attending. GPA requirements will vary with the applicant pool. **Prospective transfer students are urged to make an appointment with a counselor to begin their transfer planning early**.

Application Filing Periods

All California State Universities use a common admission process. Some campuses require supplemental application

materials. Students are encouraged to apply online at www.csumentor.edu. Most campuses will acknowledge receiving your application within two to four weeks.

Fall Semester or Quarter	2006	October 1, 2005
Summer Semester or Quarter	2006	February 1, 2006
Winter Quarter	2007	June 1, 2006
Spring Semester or Quarter	2007	August 1, 2006

General Education/Breadth Options

All campuses of the CSU system require a minimum of 48 semester units of general education. Thirty-nine of these units may be taken at community colleges. Students may fulfill the lower division general education requirements prior to transfer by completing one of the following three options:

- 1. The California State University General Education Certification pattern which will fulfill the lower division general education/breadth requirements for all CSU campuses.
- 2. The Intersegmental General Education Transfer Curriculum which will fulfill the lower division general education/ breadth requirements for all CSU and most UC campuses.
- 3. The specific lower division general education/breadth requirements of the campus to which they intend to transfer.

The California State University General Education Certification pattern is listed below, and the Intersegmental General Education Transfer Curriculum pattern is listed on page 53. Students should consult a Palomar College counselor to determine which option is best suited for their educational objective.

General Education Certification

Certification is a legal agreement between CSU and community colleges in California to assure that CSU lower division general education requirements have been satisfied.

Upon student request the Evaluations Office at Palomar College will provide certification of appropriate general education course work. Official transcripts from other colleges and universities must be on file before submitting the application, and will be reviewed for inclusion in the certification process.

California State University General Education (CSUGE) Requirements

The following is a General Education pattern which will meet all lower-division General Education requirements at any CSU campus.

Minimum Units

A minimum of 39 semester units is required for full certification of lower-division general education requirements.

Grade Point Average

A minimum of 2.00 ('C' average) is required.

Foreign, Military, CLEP Information

Palomar College will not include foreign course work, military training, or CLEP tests on the GE certification. Due to the varying policies in the acceptance of foreign transcripts, military schooling, and CLEP scores, the determination regarding their use is left to the transfer institution.

Application for Certification

Upon enrollment in final requirements, students should submit

an Application for Transfer GE Certification to the Evaluations Office in the Student Services Center, room SSC-40. To be eligible for certification, 12 of the required 39 semester units must be completed at Palomar College.

AMERICAN HISTORY AND INSTITUTIONS REQUIREMENT

All CSU campuses require completion of American History and Institutions courses. The following courses at Palomar have been approved to meet this requirement. Complete one pair of courses:

Africana Studies 101 and 102 American Indian Studies 101 and 102 Chicano Studies 101 and 102 *(pending review)* History 101* and 102* History 140 and 141 Political Science 101 and 102 *(pending review)*

NOTE: Only 3 of the 6 units used to meet this requirement may be counted in Area D.

*Palomar credit for these courses may be earned by Advanced

Placement (AP) Examinations taken in high school. See the Counseling Office for appropriate exams and scores.

The University of California (UC) System

The University of California is an integral part of the public education system of California. The campuses of the University of California are located in:

Berkeley (S) Irvine (Q) Merced (S) * Santa Barbara (Q) San Diego (Q) Davis (Q) Los Angeles (Q) Riverside (Q) Santa Cruz (Q) San Francisco (Q) +

S = Semester system; Q = Quarter system

+ San Francisco is primarily for graduate level medical studies

Each campus of the University of California accepts course work from the California Community College system designated as UC transferable at full unit value. Students intending to transfer to the university will find it advantageous to complete their lower division requirements at Palomar College. A maximum of 70 UC transferable units is honored by the university campuses. To prepare for transfer, students must decide which college they will attend through research in the Transfer Center, SSC Building, and consult a counselor for the specific requirements for that particular campus and to create a written educational plan.

Upper Division Transfer Admission Requirements

You are eligible for admission if you:

- 1. Complete 60 semester (90 quarter) units of transferable college credit with a grade point average of at least 2.4 (2.8 or higher for non-resident students).
- 2. Complete the following course pattern, earning a grade of 'C' or better in each course:
 - a) Two transferable college courses in English composition
 - b) One transferable college course in mathematical concepts and quantitative reasoning
 - c) Four transferable college courses chosen from at least two of the following subject areas: the arts and humanities, the social and behavioral sciences, and the physical and biological sciences.

Application Filing Periods

The University of California system includes nine campuses. All campuses, except for the San Francisco Medical School, follow similar entrance requirements and use a common application form. However, individual campuses may impose additional entrance criteria for impacted majors and programs. Consult the university catalog, a member of the Palomar College counseling staff, or http://www.assist.org for specific information.

Fall Semester 2006	Nov. 1 – 30, 2005
All other campuses:	
Fall Quarter 2006	Nov. 1 – 30, 2005
Winter Quarter 2007	July 1 – 31, 2006
Spring Quarter 2007	Oct. 1 – 31, 2006

NOTE: Courses approved for IGETC will meet these admissions requirements for the University of California.

Students may transfer up to 70 UC transferable community

college units to the UC. A minimum 2.4 GPA is required for admission, but most of the UC campuses use a 2.8 or higher GPA depending upon the major.

Detailed information on how to make up missing high school subjects is available in the Counseling and Transfer Centers. A complete listing of all Palomar courses which transfer to the UC campuses is also available in both centers.

General Education/Breadth Options

Each school and college at every UC campus has its own general education/breadth requirements. Students may fulfill the lower division general education/breadth requirements at any UC campus by completing one of the following two options:

- The Intersegmental General Education Transfer Curriculum (IGETC) which will fulfill the lower division general education/breadth requirements for all UC and CSU campuses.*
- 2. The specific lower division general education/breadth requirements of the campus they intend to transfer to.

The Intersegmental General Education Transfer Curriculum follows below and is also listed on the Assist website at http://www.assist.org. Students should consult a Palomar College counselor to determine which option is best suited for their educational objective.

* Use of the IGETC to satisfy lower-division General Education requirements is either not allowed under some circumstances or not recommended for some majors. Consult a counselor regarding these restrictions.

General Education Certification

Certification is a legal agreement between UC and community colleges in California to assure that UC lower division general education requirements have been satisfied.

The entire pattern must be completed prior to transfer. Upon enrollment in final requirements, the student should submit a request for certification, along with the Advising Guide (signed by a Counselor) to the Evaluations Office. Official transcripts from other colleges and universities must be on file before submitting the application, and will be reviewed for inclusion in the certification process.

Transfer Admission Guarantee Programs

Palomar College has transfer admission guarantee programs with five UC campuses. All of these agreements guarantee admission into the university and some guarantee admission into the major.

Contracts may be signed after completing thirty (30) UC transferable units with a 2.8 grade point average. Students should consult with the Transfer Center as soon as possible in order to become familiar with the criteria and contract filing deadlines.

The following is a list of UC campuses with which Palomar College has admission guarantee programs.

University of California, Davis (UCD)

Palomar College has a Transfer Admission Agreement (TAA) with UC Davis, which guarantees admission to the university and to most of the majors.

University of California, Riverside (UCR)

Palomar College participates in a Transfer Admission Guarantee (TAG) program with UC Riverside, which guarantees admission to the university and all majors except Engineering.

University of California, San Diego (UCSD)

Palomar College participates in a Transfer Admission Guarantee

(TAG) program with UC San Diego, which guarantees admission to the university. This program allows transfer admission to the term of your choice.

UCSD University Link Program

Graduating North County high school seniors are eligible for this program which promotes preparation for guaranteed admission to UCSD. This program links Palomar students with activities, courses, and counselors from Palomar and UC San Diego. Contact the Counseling Center for more information.

University of California, Santa Barbara (UCSB)

Palomar College participates in a Transfer Admission Agreement (TAA) with UC Santa Barbara, which guarantees admission to the university and to most of the majors.

University of California, Santa Cruz (UCSC)

Palomar College has a Guaranteed Admission for Transfer Entry (GATE) program to UC Santa Cruz, which guarantees admission to the university.

Intersegmental General Education Transfer Curriculum (IGETC) Requirements – UC/CSU

Please read before following the IGETC

The IGETC is a general education pattern which will meet all lower-division general education requirements at most CSU or UC campuses.

It should be noted that completion of the IGETC is not a requirement for admission to CSU or UC, nor is it the only way to fulfill the lower-division general education requirements of the CSU or UC prior to transfer. Depending upon a student's major and field of interest, the student may find it advantageous to fulfill the CSU general education requirements, or those of the UC campus or college to which the student plans to transfer. Some colleges within the UC system will not accept IGETC. It is strongly recommended that students consult with a counselor to determine which general education pattern is the most appropriate for them.

Rules for using the IGETC pattern

- 1. The entire pattern must be completed prior to transfer. Upon enrollment in final requirements, the student must submit a request for certification to the Evaluations Office.
- 2. All IGETC courses must be completed with a grade of 'C' or better. A 'C-' is not acceptable.
- 3. UC transfers need not complete the Oral Communication requirement (Area 1, Group C).
- 4. CSU transfers need not complete the Language Other Than English requirement. It is recommended that CSU transfers complete the U.S. History, Constitution, and American Ideals requirement prior to transfer.
- Some UC transferable courses have credit limitations. For example, students may not earn UC credit for Botany 115 if taken after Botany 100. Specific limitations are indicated with the course descriptions in the PC Catalog.
- Some UC campuses may not allow use of the IGETC for students who were previously enrolled at a UC campus. See your counselor for these restrictions.
 Palomar can certify coursework completed at other
 - Palomar can certify coursework completed at other California Community Colleges provided that it appears on their IGETC course list. Coursework completed at other colleges and universities may be included with

approval from PC faculty and the Evaluations Office. CLEP credit or foreign coursework will not be included on the IGETC certification.

- 8. Advanced Placement (AP) exams can be used to satisfy all areas of IGETC except for Areas 1B and 1C. AP exams with a minimum score of 3 may be used provided they equate to an approved IGETC course. Credit will be given for only one course per area.
- 9. Students wishing to use a course to meet an IGETC requirement must be sure that the course is on the approved list during the academic year in which it is taken. Refer to the statement and semester approval lists following the IGETC pattern.
- 10. For any exceptions to the above, contact the Articulation Officer in the Counseling Center.

Independent California Colleges and Universities

There are 77 fully-accredited independent colleges and universities currently affiliated with the Association of Independent California Colleges and Universities (AICCU) providing a host of options at undergraduate, graduate, and professional levels for students planning to continue their education beyond Palomar College.

Admissions policies vary widely from one school to another, and virtually all institutions give full credit for general education courses and usually for courses designated for transfer by the community college. A good rule to follow for independent colleges as well as for out-of-state institutions is to expect full credit for courses which are parallel in scope and content to courses offered for credit to lower division "native" students at those institutions. Articulation agreements for many independent institutions are available in the Counseling Center.

Independent colleges are flexible in admission policies and in awarding credit. They invite interested students to make an appointment with their Office of Admissions in order to discuss transfer opportunities on a personal basis.

Financial aid may be a primary factor in considering attending an independent college. Must students cut the cost in half by attending the community college to complete the lower division course work and requirements. Information on financial aid and scholarships is available from the financial aid offices on independent college campuses as well as in the Financial Aid Office at Palomar College.

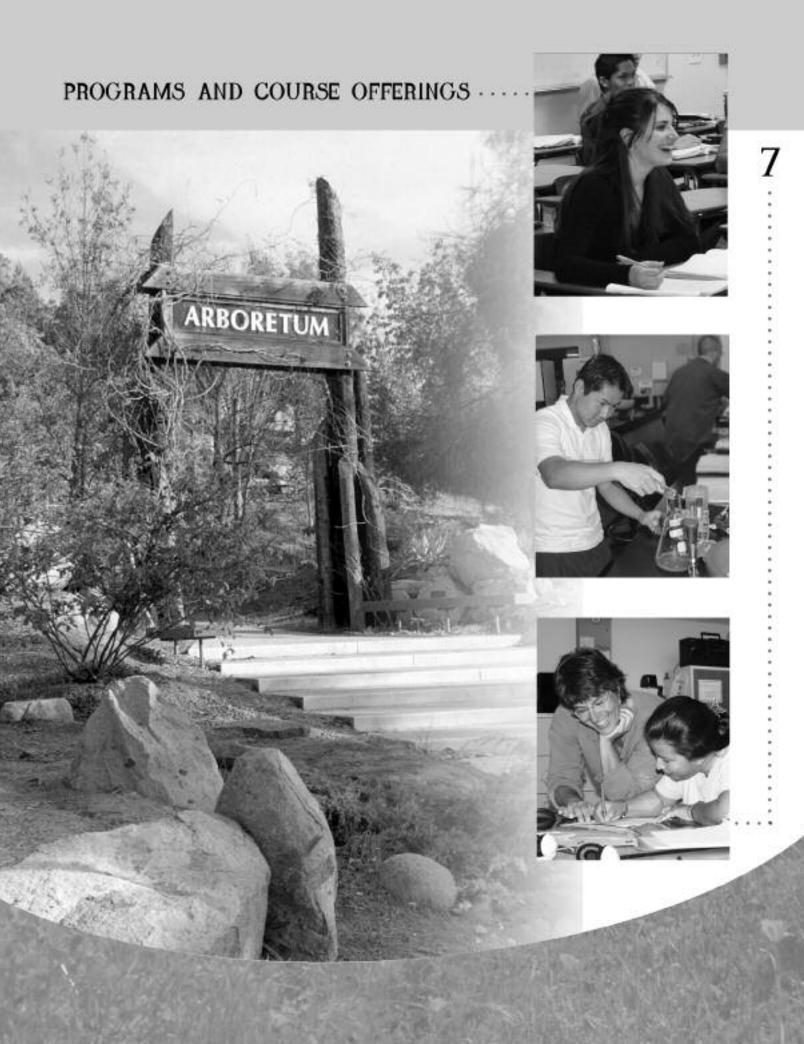

Students are advised to refer to the $\ensuremath{\mathsf{AICCU's}}$ web site at www.aiccu.edu.

Private and Out-of-State Universities

Palomar College offers courses similar to those offered in the lower division, or the first two years, of four-year colleges and universities. Since course requirements for graduation vary between colleges, it is to the student's advantage to choose the college or university to which he or she plans to transfer as early as possible.

Students are advised to complete the courses at Palomar College which best satisfy the lower division course requirements at that particular college or university to which he or she ultimately transfers. Lower division course requirements typically include a set of general education courses as well as a sequence of courses in the student's chosen major field of study.

Students are encouraged to meet with a counselor to develop an academic program best suited for their transfer institution and intended major. The Transfer and Counseling Centers maintain materials to assist students in their transfer planning.

Course Information

Students are held responsible for understanding and fulfilling all requirements presented herein, and for understanding and fulfilling any changes in those requirements which may have occurred since the printing of the catalog. Students are advised to check at the division or department levels for these changes.

Course Numbering System

Palomar College operates on a semester system. The course numbering system has meaning with regard to level and transfer. The college numbering system, effective summer 1990, is as follows:

1-49: Remedial or college preparatory courses which do not apply toward an A.A. degree and which are not intended for transfer to another community college or four-year college or university.

50 - 99: Courses which apply toward an AA degree but which are not intended for transfer to a four-year college or university.

100 - 299: Courses which count toward an AA degree and/or are intended for transfer to a four-year college or university (refer to Transfer Identification below). Freshman-level courses are generally given numbers from 100 - 199, and sophomore-level courses are generally given numbers from 200 - 299.

Courses numbered 100 through 299 are intended as lower division transferable course work. The final decision in regard to transferability rests with the institution to which the credits are transferred.

Numbers in parentheses indicate the units granted for a course.

Transfer Identification

Courses at Palomar College which transfer to public four-year universities in California are identified at the beginning of each course description with the abbreviation CSU and/or UC.

The notation CSU means the course will transfer to the 23 campuses of the California State University system.

The notation UC means the course will transfer to the 9 campuses of the University of California system.

California Articulation Number (CAN) System

The California Articulation Number System is one of several intersegmental projects designed to aid students in transferring between California's higher education campuses without loss of time, credit, or duplication of effort.

The California Articulation Number (CAN) system provides a cross-reference number for courses which have been evaluated by faculty and determined to be acceptable "in lieu of" each other. Only lower division, transferable, major preparation courses commonly taught on two- and four-year college and university campuses are included in the system.

The California Articulation Number System is not a common numbering system. Each campus retains its own course numbers, prefixes, and titles. The CAN (e.g. CAN ENGL 2) is listed parenthetically in catalog descriptions.

The CAN designation is assurance that the course or sequence of courses will be accepted in lieu of an identically designated course or sequence at all participating campuses in California.

Please note that the University of California (UC) campuses do not accept California Articulation Numbers (CAN).

Course lists may be found in the College Catalog and on the internet at www.cansystem.org.
