

The Future of Work Has Changed.

Lucky For You We Saw This Coming.

Kick-start your artificial intelligence (AI) journey and the economy with the **Global Amazon Alexa Skills Challenge – free virtual training for beginner-level women (and men), historically underserved, first-generation college/university students, entrepreneurs and startup founders** to attend from any country - in which all team members are legal adults (the age of majority varies by country). Use your voice for change! Let's imagine what the post-COVID future can be. Do you have an innovative business idea for an [Alexa Skill](#) that addresses one of the [United Nations Sustainable Development Goals](#) (SDGs)? The aim is to exchange and implement ideas for urgently needed solutions to current global challenges. Students will discover the latest in voice technology and learn how to shape the future with voice.

Amplify Your Voice! Your Future. Your Country.

For Women, Historically Underserved, First-Generation College/ University Students and Entrepreneurs.

No AI Experience Required. Coding Experience Helpful.

**Connect With Students & Industry Experts
From Across The Globe!**

Use Your Voice For Change! Embrace equitable and inclusive civic engagement at your college or university, even in a time of lockdowns and social distancing.

Participate in a Diverse, Equitable, Inclusive Learning Culture. Empowering entrepreneurialism, teamwork, creativity and innovation.

AWS Training - Learn Your Way. Learn in-demand cloud skills with self-paced digital training, videos, workshops, discussions, mentoring & coaching. Get UX/UI design guidance, build your Alexa skill, publish, monetize and more!

Innovate, Create & Explore a New Career Pathway!

Develop Your Leadership Skills.

Work Virtually with All-Star Tech Industry Professionals. Build out your Alexa skill and business savvy with instruction, coaching and mentorship.

Join the World Stage. Be a Game Changer. 9 top teams will fast pitch their solutions to a virtual audience of tech industry all-star judges, tech executives, business leaders, education thought-leaders, VCs, and entrepreneurs for a chance to win scholarships toward AWS training and certification, all at the EDequity.Global competition.

Win Scholarships Toward AWS Training & Certification! (\$20,500 USD in prizes). 4 winning teams (of up to 5 students each) will be awarded scholarships.

Receive a Certificate of Completion. All participants who fully attend the 5 week training and submit a completed project will earn a Certificate of Completion - something to brag about on your resume or LinkedIn profile!
