

Spring 2022 Regional SD4C Meeting Minutes

Hosted by Southwestern College via Zoom May 13, 2022 12:00 noon to 2:00 PM

Start Time: 12:00 noon **End Time:** 2:00 PM

Location: SWC ZOOM

Agenda Topics:	Requested by Faculty Name/School:	Minutes
<i>SD4C Meeting Kickoff (Introductions)</i>	Southwestern	Dept. Chair CIS - Tom Luibel introduced Southwestern College full -time CIS faculty members Prof. JD Davis and Prof. Mohamed Idiris-Sharif
<i>Welcome and Introductions (name, school, courses teaching, anything else?)</i>	All	Participants introduced themselves.
<i>OER Initiatives, curriculum approval, using OER textbooks, and other OER instructional content in courses, instructor and student experiences</i>	Southwestern	<ul style="list-style-type: none"> ● Allan S.-researching generating own materials...app BlueJ.org demo. The BlueJ Java programming IDE was discussed, a demonstration of this programming environment via Zoom shared screen ensued. ● Tom L. - app PlayPosit ● Marc B.-does acting, voice overs...uses lots of video in his course. There was a discussion on the use of video and

		<p>platforms like Playposit and YouTube. Captioning options for video still present a challenge. Video production takes some time to produce deliverables and to have them captioned.</p> <ul style="list-style-type: none"> • Also, there was a discussion of OEI resources that were being used for course content and instructional materials. • Competency based education was discussed in conjunction with the Canvas LMS in terms of delivery and the instructor and student experience. CBE is still a work in progress in terms of deployment with the Canvas LMS.
<i>C-ID ITIS 120 Revised January 20, 2021 Computer Information Systems, Computer Concepts, Information Technology Concepts. Revised content and objectives.</i>	Southwestern	C-ID ITIS 120 Revised January 20, 2021 and course outlines need to be reviewed and or modified for modifications if necessary based on revision.
<i>CISC Curriculum: Eliminating basic skills advisories on CISC courses?</i>	Miramar	Alex S.- Associates of Science, Cert of Achievement...
<i>CISC Curriculum: Incorporating CISC 187, Data Structures in C++, as restricted elective into degrees and certificates?</i>	Miramar	Alex S. - to add CISC 187 Data Structures in C++ ...suggested having discussions/vote at Miramar with some input from SD4C. Suggestions were made to also loop in the Advisory Committee on proposed changes. Also, it was suggested that Alex should communicate with Walter Wesley from Mesa college because he will be presenting later on a similar offering at Mesa College.
<i>Any interested in Google Docs as a tool instead of Microsoft Office? (SDSU concerns?)</i>	Grossmont	Discussion ensued...both have advantages and disadvantages. Clifton Quinn - Grossmont

		College asked about where Google Docs would fit in the curriculum compared to Microsoft Office? Ron Burgher from Palomar reiterated that Microsoft Office is still the industry standard and will be for the foreseeable future.
<i>HyFlex - Good, Bad, Ugly?</i>	Palomar	To have a class that is completely online but an option to have students come in F2F...Zoom on steroids...captioning is an issue. Discussion on attendance accounting. Curt Sharon - Cuyamaca College his experience teaching a synchronous course in the Cisco program. Students are required to attend in person and or remotely during the scheduled time. Camera placement and functionality can be a challenge during synchronous sessions.
<i>Bachelor's Degree Program Submittal (Cyber Defense & Analysis)</i>	Terri Savarese -- City College	Bachelor's degree in Cyber Defense & Analysis proposal by City College is being submitted and there should be a decision by the state in 30-60 days.
<i>Return to Campus Discussion</i>	Terri Savarese -- City College	City is returning initially with one class per instructor in 22FA then more in 23SP. Other Community Colleges in the region have similar plans to return to campus in the Fall of 22.
<i>GoogleWorkspace Course??</i>	Terri Savarese -- City College	Discussed offering GoogleWorkspace Course and gauging demand for such a course. Comments were that many companies are using GoogleWorkspace as a productivity suite.
<i>Discussion of schedule planned for on-campus vs online courses. What is still on-ground?</i>	Grossmont	This item combined with City College agenda item: City is returning initially with one class per instructor in 22FA then more in 23SP. Other Community Colleges in the region have similar plans to return to campus in the Fall of 22. Online

		vs on-ground mix depends on the particular region Community College and new course modality trend preferences that have emerged during the pandemic .
<i>What version of Office installed for Fall.... 2019, 2021, or...?</i>	Grossmont	Discussion, most using Microsoft Office 365, there are some lab configuration challenges with updates, and using it with publisher applications.
<i>Who is using TestOut? And experiences can you share (Cost vs Results)</i>	Rick White - MiraCosta	Ron B. using TestOut, good and bad...reduces instructor workload because content is pre generated. City College negotiated terms with TestOut that allow students to use it in multiple courses.
<i>CISC 201 Advanced C++ Programming proposition for prerequisites update</i>	Walter Wesley - Mesa College	C++ Cert. of Achievement, discussed the prerequisite update for this certificate.
<i>Mesa College C++ Certificate of Achievement proposal CISC 192 CISC 187 or CISC 205 CISC 201</i>	Walter Wesley - Mesa College	There was a discussion of the Mesa College C++ Certificate of Achievement proposal.
Wrap Up		
<i>Who needs new faculty?</i>	All	Classes that need instructors were discussed, Cuyamaca College has an immediate need for Ciso program instructors due to a recent retirement. Please contact Curtis Sharon - Cuyamaca College for course information.
<i>Q&A, Wrapup, List sign up (freelists.org/list/sd4c), Hosting for Fall SD4C</i>	Southwestern	Mesa College has volunteered for the next SD4C meeting possibly in person and Zoom format.
