

## TABLE OF PERMITTED DUTIES (Rev. 3/4/11)

Following is a table of duties which Dental Assistants (DA), Registered Dental Assistants (RDA), Registered Dental Assistants in Extended Functions (RDAEF), Orthodontic Assistants (OA) and Dental Sedation Assistants (DSA) are allowed to perform in California. This table is intended to provide summary information to interested parties. It is not intended to cover all aspects of applicable laws or provide a substitute for reviewing the laws that are cross-referenced below. It is highly recommended that applicants and licensees review the actual text of the laws cited at the link provided below. If a duty is not listed in the sections of law cited below, assistants are NOT allowed to perform the duty. Under each category of assistant is one of the following notations: "N", "D", "C" or "G".

"N" = means that the assistant is NOT permitted to perform the duty.

"D" = means that the assistant may perform the duty under the Direct supervision of a dentist, which means supervision of dental procedures based on instructions given by a licensed dentist who must be physically present in the treatment facility during the performance of those procedures. The duty must be performed pursuant to the order, control and full professional responsibility of the supervising dentist. Such procedures must be checked and approved by the supervising dentist prior to dismissal of the patient from the office of said dentist.

Note: Dental Sedation Assistant permit holders may also perform the listed duty under a licensed health care professional authorized to administer conscious sedation or general anesthesia in the dental office.

"C" = means that the assistant may perform the duty in the specified setting under the supervision of a dentist, Registered Dental Hygienist, or Registered Dental Hygienist in Alternative Practice .

"G" = means that the assistant can perform the duty under the General supervision of a dentist, which means based on instructions given by a licensed dentist, but not requiring the physical presence of the supervising dentist during the performance of those procedures.

"DD" = The supervising licensed dentist shall be responsible for determining whether each authorized procedure performed by a registered dental assistant should be performed under general or direct supervision, except as provided in Section 1777.

The sections of law noted below are contained in the Dental Practice Act located in Chapter 4 of Division 2 of the California Business and Professions Code (BPC). For the actual text of the laws, the following link will take you to the page on the Dental Boards web site <http://www.dbc.ca.gov/lawsregs/laws.shtml>.
