
MEETING OF THE ACADEMIC TECHNOLOGY COMMITTEE

— Showcase Workgroup Summary —

Thursday, April 9, 2015

PRESENT: Michael Bartulis, James Eighmey, Jackie Martin-Klement, Karen McGurk, Lillian Payn, Nancy Thuleen

CALL TO ORDER: Chair Lillian Payn called the workgroup to order at 2:10 p.m. in Room LL 104. Due to a lack of quorum, no official ATC meeting was held.

SHOWCASE: The Best of the Best Showcase entries were evaluated.

Sherry Ludwig's entry was selected as First Place for her Face-to-Face Spanish class. While she did not make a movie to present her course to the judges, she allowed the judges to see her course and her implementation of media, which included her self-produced media as well as incorporating relevant media from the textbook publisher. The judges enjoyed seeing the self-produced movie about the Day of the Dead, as well as the wide range of tools, techniques, and media Sherry implemented to engage her students.

Kelly Falcone's entry was selected as Second Place for her presentation about implementing technology in a Face-to-Face course. The slide presentation, an animation through PowToons, was clever and kept the viewer's interest. The content outlined the importance of using technology in traditional classes as well as suggesting resources that are readily available on the internet.

Congratulations to our 2015 Best of the Best, Teaching with Technology Showcase winners!
