
MEETING OF THE ACADEMIC TECHNOLOGY COMMITTEE

— NOTES —

Thursday, April 13, 2017

PRESENT: Sherry Goldsmith, Erin Hiro, Scott Kardel, Lillian Payn, Steve Perry
Guest: Dr. Najib Manea

ABSENT: Erin Feld, Mike Gilkey, Marlene Forney, Linda Morrow, Krystal Rypien
Seth San Juan

CALL TO ORDER: There was no quorum (Room LL 109).

ITEMS:

1. Online Orientation Progress: Dr. Manea presented a Canvas course with the OEI Quest tutorials as well as our campus resources. We shall look for gaps, etc. To see the tutorials, go to our Canvas shells for our student courses. Palomar main page>Blackboard/Canvas>Canvas>Dashboard>Palomar Online Orientation.

We discussed alternatives for introducing the Orientation to students registered for online course. If the Orientation was on the Dashboard, the students could take it, do a quiz, get a badge, once. The downside is that students who have taken many online courses still would be required to take it, or this could be counter-productive if students would be barred from entering an online class until they completed the Orientation.

2. DE [Strategic Plan] was discussed; Marlene, Sherry, Linda, and Lillian scoped the structure and outline at the workgroup on April 6.
3. The Teaching with Technology Showcase Selection was made by those present. After evaluating the entries, the selection committee determined that Amy Caterina's PHOTO 135 was the best example to place in our gallery and get recognition. She explained how she set up her Canvas course in a video. She submitted PHOTO 50, but it was difficult to hear. Lillian will contact her to see if she could resubmit it with improved audio for our gallery, also.

MEETINGS: 2017 SCHEDULE, 2:30 – 4:00 pm / 2nd, 4th Thursdays
4/13 (LL 109); 4/27 (LL 109); 5/11 (LL 104)
