

ENGLISH AS A SECOND LANGUAGE OTHER ESL CLASSES

ESL 31: Writing Support for the Sciences for Non-Native Speakers

Credit course

This is a class for students with intermediate to advanced level English-language skills. This course focuses on providing English-language support for students with writing in the sciences (Life Sciences, Earth Sciences, Behavioral Sciences, Social Sciences, etc.). This course will help students continue to develop writing skills (word-level, sentence-level, short-answer, essay, etc.) needed for courses in the sciences.

Students work on: self-editing and writing for their science classes

At the end of the course, students will be able to:

- ✓ Demonstrate proficiency with self-editing techniques useful for writing in the sciences.
- ✓ Demonstrate increased familiarity with written rhetorical models common in writing in the sciences.
