

Bachelor's Degree Confirmation

Purpose: A student may submit the Bachelor's Degree Confirmation Form to request a review their completed Bachelor's degree in order to determine if it meets the general education/district requirements. This allows students to ensure that their prior coursework fulfills the necessary criteria and potentially avoid retaking courses unnecessarily.

Please note: An official transcript must be on file with Bachelor's degree posted. If approved the student's major will be updated to reflect the completion of general education requirements. The Bachelor's degree does NOT meet the Ethnic Studies requirement.

Instructions: Complete the Bachelor's Degree Confirmation Form and submit to the Evaluations Office for processing: evaluations@palomar.edu. Students will be notified via email if their form is approved or denied.

Section A: Student Information

Last Name

First Name

MI

Palomar ID Number

Email
