The Financial Aid Office **may** be able to adjust data items used to calculate your expected family contribution (EFC) and your financial need if special circumstances exist that affect your ability to contribute towards the cost of education. This determination will be based on 2023 Income/Resources.

Examples of special circumstances include:

- Emergency medical and dental expenses;
- Unforeseen & emergency related expenses that occur beyond your control;
- Unforeseen reduction in income or benefits.

If your family situation involves a special circumstance such as those described above, you may request for a review of your financial need status. Please note that the decision made by the financial aid office is final & may not be appealed to the Department of Education.
