INCIDENT/RELEASE ASSESSMENT FORM

If you have an emergency, call 911

The following is a tool to be used for assessing incidents, and or medical injuries at PCCD. Additionally, a PCCD notification form is provided to document all incidents pertaining to PCCD.

Ques	stions for Incident Assessment:	YES	NO
1.	Was anyone killed or injured, or did they require medical care or admitted to a hospital for observation?		
2.	Did anyone, other than employees/students in the immediate area of the incident, evacuate?		
3.	Did incident cause damage to any building structures, equipment and or public/private party?		
4.	Was the incident a condition creating a substantial probability of harm that requires immediate action to		
	prevent, reduce, or mitigate damages to persons, property, or the environment?		
5.	Is there an increased potential for secondary effects including fire, explosion, line rupture, equipment		
	failure, or other outcomes that may endanger or cause exposure to employees, the general public, or the environment?		
6.	Did control, containment, decontamination, and/or clean-up require the assistance of federal, state, county, or municipal response elements?		
7.	Did the incident cause an activation of the PCCD Emergency Operation Center(s)?		
8.	Was the injury caused by (a condition due to poor lighting, trip hazard, bump hazard, air born hazard		
	resulting in respiratory complications, and or eye problems)?		

If the answer is YES to any of the above questions – refer to Reportable/Non-Reportable Assessment Form, complete the PCCD notification form an keep it readily available. Documenting why a "YES" response was made to each question will serve useful in the event questions are asked in the future, and to justify why reporting to an outside regulatory agency was required.

If all answers are NO, complete the PCCD notification form and keep it readily available. Documenting why a "no" response was made to each question will serve useful in the event questions are asked in the future, and to justify not reporting to an outside regulatory agency.
