

**SPECIAL FACULTY SENATE MEETING**

December 17, 2021

EXHIBIT

*Item D. from BoardDocs Agenda*

The following curriculum changes, pending appropriate approvals, will be effective Fall 2022:

**D.1. ACTION: New Credit Programs - effective Fall 2022**

Program Title	Disci.	Award	Units	Justification	Orig.
A. <a href="#">Biliteracy</a>	ESL	CA	19-21	This certificate would recognize student abilities in existing courses. This certificate would focus primarily on Heritage Speakers of Spanish and would encourage those students to take SPAN 211 and 212. Given the linguistic diversity in the ESL department, it is likely that there will be some students interested in earning a multiliteracy certificate in another language, but the primary demographic would be Spanish speaking students.	Tracy Fung

**D.2. ACTION: New Noncredit Programs - effective Fall 2022**

Program Title	Disci.	Award	Units	Justification	Orig.
A. <a href="#">Reading Skills for ESL Certificate of Completion</a>	ESL	CA	N/A	There is already an existing consistent demand for Noncredit ESL courses, particularly the special topics types of courses such as this Noncredit ESL reading course. Special topics courses (grammar, pronunciation, reading, etc) are currently the most popular types of noncredit ESL classes. Additionally, students from ESL who took a reading noncredit class in spring 2020 were asking about the next reading class because they were interested, but they needed it to be noncredit. Reading skills are essential to students both in their education and in their everyday lives. These classes will help students increase their vocabulary and comprehension reading skills to assist them no matter what their reason is for taking the classes. Additionally, the pairing of an ESL with a reading class will enable ESL students to be introduced to classes outside of the ESL Department which may then encourage them to take the transfer-level reading classes that are offered as well.	Tracy Fung

**D.3. ACTION: Credit Program Changes - effective fall 2022**

Program Title	Disci.	Award	Units	Justification	Orig.
A. <a href="#">Associate in Arts (AA) in Nursing</a>	NURS	AA	72.5-76.5	This program change is part of the new curriculum launching within the nursing department. The old curriculum is over 25 years old. This curriculum will be different from the old curriculum and use a hybrid concept-based teaching method. The students who start in first semester with the new curriculum in Fall of 2022 will be the first students to use this method of teaching in the nursing program at Palomar. The curriculum will change in the second semester N118 Spring of 2023, then third semester N217 in Fall of 2023 and then fourth semester 218 in Spring of 2024. Added NURS 117-MS or NURS 117 option to first semester, added NURS 118 BH and NURS 118-OB and NURS 118P or NURS 118 option to second , added NURS 217-G and NURS 217-S and NURS 217-M or NURS 217 option to third semester, added NURS 218-MS or NURS 218 option to fourth semester.	Julia Robinson

B.	<a href="#">Associate in Science (AS) in Nursing (LVN-RN)</a>	NURS	AS	51-69	This program change is part of the new curriculum launching within the nursing department. The old curriculum is over 25 years old. This curriculum will be different from the old curriculum and use a hybrid concept-based teaching method. The students who will start in this second semester with the new curriculum in Spring of 2023 will be the first students to use this method of teaching in the LVN-RN nursing program at Palomar. The curriculum will change in the third semester N217 in Fall of 2023 and then fourth semester 218 in Spring of 2024. Added NURS 118 BH and NURS 118-OB and NURS 118P or NURS 118 option to first semester, added NURS 217-G and NURS 217-S and NURS 217-M or NURS 217 option to second semester, added NURS 218 or NURS 218-MS option to third semester.	Julia Robinson
C.	<a href="#">Creo Parametric Drafting and Design</a>	DT	CA		This certificate is a nine unit stackable certificate. The purpose of this certificate is to quickly prepare a student for an entry level Creo Parametric drafting position. This certificate will also allow a person to be promoted from an "out in the field" position to an office position and receive a pay raise. The courses in this certificate are also part of the Mechanical Engineering Drafting And Design Technology and Drafting and Design CADD/CAM Technology certificates. Changed title, updated SLOs, description.	Anita Talone
D.	<a href="#">English</a>	ENG	AA-T		This is updated information. I am removing the following de-activated courses from our AA degree: Eng 240/Mythology, Eng 245/Biblical Lit, Eng 265/Science Fiction. I am also updating our Program Learning Outcomes.	Leanne M. Maunu
E.	<a href="#">Fire Technology - Emergency Management</a>	FIRE	AS	33	The intent of this program change is to add Fire 173 - Legal Aspects of Emergency Services to the program as an elective. Fire 173 was recently (Spring 2020) approved as a new course and is expected to be offered Fall 2020 as an online course. Updated SLOs.	Ed Sprague
F.	<a href="#">Fire Technology - General</a>	FIRE	AS	36	The intent of this proposal is to add Fire 173 Legal Aspects of Emergency Services that was recently approved via the curriculum process as an elective. The course will be added to the class offerings as an online course and provide additional flexibility to students employed in the emergency services sector and work on 12 and 24 hour shifts.	Ed Sprague
G.	<a href="#">Gender and Women's Studies</a>	SOC	AA	28-29	Want to update the title to reflect changes in the field and to make the major more inclusive. Added ENG 280 to requirements, added ASL 205, ITAL 201, JAPN 201, GERM 201, FREN 201, SPAN 201, and SPAN 211 as elective options.	Devon Smith
H.	<a href="#">Social Work and Human Services</a>	AODS	AA	28	This program is being developed to assist the growing need for entry level Human Services workers in our Region. The data shows the demand for these positions greatly outweighs the demand. The intention for this program is to also replace the existing PSS Certificate Program and Degree at Palomar. Updated SLOs.	James Fent
I.	<a href="#">SolidWorks Drafting and Design</a>	DT	CA		This certificate is a nine unit stackable certificate. The purpose of this certificate is to quickly prepare a student for an entry level SolidWorks drafting position. This certificate will also allow a person to be promoted from an "out in the field" position to an office position and receive a pay raise. The courses in this certificate are also part of the Mechanical Engineering Drafting And Design Technology and Drafting and Design CADD/CAM Technology certificates. Updated title, description and SLOs.	Anita Talone

A.	SOC	180	<a href="#">Social Justice Statistics</a>		CSU	Yes	G/P/NP	No	The purpose of the course is to expose students to social issues through a social justice lens. Students will be empowered to actively engage in the exploration of real data and to anticipate patterns in a social context. Students will describe and interpret authentic data patterns and deviations from those patterns using graphical and numerical representations of their positionalities. Students will be exposed to probability and tests of statistical significance to explore social inequality such as systemic forms of racism, sexism, and other forms of social oppression. Using anti-oppressive principles, students will actively learn to use data in the pursuit of social justice and change. This course allows students to understand participatory action research, an activist approach that seeks to engage and empower the community. This course will also help to empower students to see their ideas reflected in quantitative analysis.	<u>Prerequisite: MATH 54 or MATH 56 or MATH 60 or eligibility determined through the math placement process.</u> Susan A.
