I. Information Items

A. Book Club: *"Redesigning America's Community College: A Clearer Path to Success"*
Books were provided for all council members. Vice President Perez encouraged everyone to read the book to learn about guided pathways; an approach to redesign programs and support services to improve student success.

B. Wall Mural Permission: Student Union Complex
There was a PowerPoint presentation and discussion about the Student Equity, Advocacy & Leadership (SEAL) Center Mural Project. The idea for the project is to create a vibrant space for students by contracting with a renowned street artist who will paint colorful murals on blank building walls behind the Student Union. The plan also includes installation of shade "sails" in the same area. The artist is scheduled to visit the main campus on March 13th to meet with students and gather input. SSSP funds will be utilized to pay project expenses. Concepts will go through FRC/FASPC and Vice President Gonzales will share project information with the Executive Cabinet. Before any murals/artwork can be added to District property, a policy will need to be established.

There was also a brief discussion regarding digital signs on campus and the need for coordinated messaging.

II. Adjournment

There being no further information items, the meeting was adjourned at 3:15 p.m.
