## **THE 2015-2016 STATE BUDGET**

On January 9, 2015, Governor Jerry Brown presented his proposed 2015-16 State Budget with the declaration that “after a decade of fiscal turbulence, the budget is finally balanced.” He also noted that over the next four years and beyond, the State must dedicate themselves to adhering to the funding changes in education, health care, public safety and the environment. He went on to remind everyone that he would not pursue an extension of the higher tax rates enacted under Proposition 30.

The budget committees of both the Assembly and Senate are in the process of reviewing the budget in an effort to recommend a final budget to the Governor. It is expected that a final budget will be approved and signed by the Governor prior to July 1, 2015.

The budget contains some significant fiscal adjustments to California Community Colleges. As of this date some of the Budget proposals are highlighted below and are subject to change:

- \$156.5 million – 3% Enrollment Growth
- \$266.7 million – Base Allocation Funding
- \$215 million – Student Success & Support and Student Equity Programs
- \$626.4 million – Pay-Down prior mandated obligations (one-time)
- \$38.7 million – Energy Efficiency Grants – Proposition 39
- 1.02% – Statutory Cost of Living Adjustment
- \$75 million – Support Full-Time Faculty Hiring

## **THE 2015-2016 PALOMAR COLLEGE TENTATIVE BUDGET**

The Tentative Budget for Palomar College assumes class offerings to achieve 19,320 FTES and saving from the Supplemental Retirement Program.

### **Revenue and Beginning Fund Balance Assumptions:**

Apportionment is the revenue received for generating the enrollment of students and is comprised of three primary components: state apportionment, local property taxes, and student enrollment fees. While the amount of each component may change, the total will equal the Base Revenue calculations reported on the apportionment reports. The Chancellor’s Office recalculates the Base Revenue twice during the year and retroactively for each fiscal year. Districts do not know the final revenue for the prior year until the following February. This causes difficulty in planning, in accurately building the budget, and in calculating the ending fund balances and reserves. If the property tax and/or the enrollment fee do not materialize as projected, then a deficit is applied to the apportionment corresponding to the shortfall. No deficit factor has been applied for the estimated revenue for 2014-15. The revenue apportionment in the Tentative Budget has been projected to increase approximately \$6.3 million with no deficits.

### FTES and Apportionment:

The chart below shows the apportionment and FTES for the last few years. For FY 2015-16 the Funded FTES is being projected at the same level as FY 2014-15.

### Ending Balance

The 2014-15 ending fund balance is currently projected to be \$8,726,746. This reflects a reduction of \$1,821,668 from the beginning balance for the same year. The ending fund balance for 2014-15 becomes the beginning balance for 2015-16.

The Fund 11 Unrestricted Budget includes Designated Projects earmarked by the Board for various programs and projects required for instructional and operational purposes. The Designated Projects budget consists of 2015-16 projected revenue and expenditures, received to date by Fiscal Services, plus the projected beginning fund balance. The remainder of the designated projects will be recorded upon receipt by Fiscal Services during the 2014-15 year-end closing process and will be included in the final 2015-16 Adopted Budget.

### **2014-15 Adopted Budget versus 2015-16 Tentative Budget Revenue:**

Following is a comparison of revenue by source in the Unrestricted General Fund, including Designated Project accounts, for the 2014-15 Adopted Budget as compared to the 2015-16 Tentative Budget:

### **Expenditure (Unrestricted and Designated) Assumptions:**

In accordance with the RAM, budget development for 2015-16 continues to be tied to the Master and Strategic Planning process. The Baseline Budget incorporates the following:

#### **Non-Discretionary Budget:**

- Institutional costs were identified and budgeted, primarily consisting of utility costs, debt service, maintenance agreements, insurance, audit and bank costs, credit card fees and inter/intrafund transfers.
- Salary, statutory and fringe benefits for all currently employed faculty and staff, including step increases, were calculated and budgeted. Stipends and negotiated items were also included.
- Set-aside of \$200,000 to support the goals and objectives of the master plans and Year 5 of the strategic plan.
- 5% Governing Board required reserve.

#### **Discretionary Budget:**

- Expenses were built from the scheduled class offerings to achieve the total FTES as projected.
- Discretionary expenses have been maintained at FY14-15 Adopted Budget level.
- Apprenticeship Program expenses were built based on State funding projections.

Additionally, the Tentative Budget has been developed based upon employee negotiations and salary agreements. Included in the salary expenditure budgets are the step and column advances on all salary schedules for 2015-16. Vacant positions are no longer budgeted for an entire year. Only currently filled positions and open recruitments are included in the budget. When a position becomes vacant the remaining budgeted salary for that position is transferred to a reserve that is utilized to fill positions according to a prioritization list. A projected salary and benefits savings of \$4.3 million, due to the Supplemental Early Retirement Program (SERP), is also included.

Benefits include expenses for pensions, social security taxes, workers' compensation, and unemployment insurance, as well as for health and welfare benefits. Premiums for health and welfare plans are somewhat complicated because health-plan policies and premiums run from calendar year to calendar year. A 7% increase has been included in the above referenced Benefits for the Kaiser Health plan only and no increase for Dental or Vision in the Tentative Budget. Savings of \$300,000 has been budgeted for the JPA health care plan in anticipation of decreased costs after a review by an outside agency.

After all of the above had been entered into the PeopleSoft data base, Fiscal Services ran the budget reports and began an extensive review process, which will continue until the 2015-16 Final Budget is adopted.

Included in this budget is an allocation to the Retiree Medical Fund which is consistent with the amount recommended by the Actuary.

#### **2014-15 Adopted Budget versus 2015-16 Tentative Budget Expenditures:**

Following is a comparison of expenditures by category in the Unrestricted General Fund, including Designated Accounts, for the 2014-15 Adopted Budget as compared to projected for the 2015-16 Tentative Budget:

| <br><b>Total Expenditures</b> | <br><b>\$107,583,547</b>   | <br><b>\$109,599,060</b>     |

The Tentative Budget that is presented to the Governing Board provides a balanced budget as required by law by using the projected beginning fund balance to provide a spending plan until the 2015-16 Final Budget is adopted by the Governing Board in the fall 2015. The 'Other Outgoing' expenditures included in 2015-16 consist of the following:

- \$(4,569,189) for savings from the Supplemental Early Retirement Program (this amount reflects savings before annuity payment)
- \$250,000 for part time and out of class assistance due to the Supplemental Early Retirement Program
- \$800,000 for Police Department
- \$495,900 for debt payment for Escondido Center
- \$163,079 for Wellness Center
- \$30,000 for the Associated Student Government
- \$3,600 for Work Study benefits
- \$28,000 for Instructional co-curricular activities
- \$200,000 transfers to Reserve for District-wide priorities and operational uncertainties
- \$3,066,344 to Fund 69 per recommendation of actuary
- \$360,000 Reserve for Staffing Priorities
- \$500,000 Reserve for South Center
- \$1,218,808 Reserve for COLA (both 14-15 and 15-16)
- \$5,000 for Articulation

The projected “Reserves” for 2015-16 consist of the following:

- \$5,423,353 towards the 5% District Required Reserve
- \$2,411,319 to Designated projects entered into the system as of the Tentative Budget
- \$2,747,341 other reserves

## **FUNDS AT PALOMAR COLLEGE**

Following is a list and description of all of the current Palomar College funds:

### **The General Fund (10)**

The General Fund is maintained to account for those transactions that in general cover the full scope of operations of the District—instruction, administration, and student services maintenance and operations, etc. (Note: Fund 10 = Fund 11 Unrestricted + Fund 11 Designated + Fund 12)

The Palomar College General Fund is divided into three sub funds: unrestricted, designated and restricted.

- Unrestricted is used to account for resources available for the general purposes of the District’s operation and support of its educational program. (Fund 11 )
- Designated is used to account for unrestricted monies for specific operation purposes, such as field trips, planetarium, etc. (Fund 11)
- Restricted is used to account for resources available for the operation and support of the educational programs that are specifically restricted by laws, regulations, donors or other outside agencies as to their expenditure. (Fund 12)

**The Prop M Bond Interest and Redemption Fund – Series A (22)**

The Prop M Bond Interest and Redemption Fund is the fund used to account for the accumulation of resources from property tax and the payment of Prop M General Obligation Bond principal and interest.

**The Prop M Bond Interest and Redemption Fund – Series B (23)**

The Prop M Bond Interest and Redemption Fund is the fund used to account for the accumulation of resources from property tax and the payment of Prop M General Obligation Bond principal and interest.

**The Prop M Bond Interest and Redemption Fund – Series C (24)**

The Prop M Bond Interest and Redemption Fund is the fund used to account for the accumulation of resources from property tax and the payment of Prop M General Obligation Bond principal and interest.

**The Debt Service Fund (29)**

The Debt Service Fund is the fund used to account for the accumulation of resources for and the payment of general long-term debt principal and interest.

**The Child Development Fund (33)**

The Child Development Fund is the fund designated to account for all revenues for, or from the operation of, childcare and development services, including student fees for child development services. Costs incurred in the operation and maintenance of the childcare and development services are paid from this fund.

**Capital Outlay Projects Fund (41)**

The Capital Outlay Projects Fund is used to account for the accumulation of monies for the acquisition or construction of capital outlay items, including scheduled maintenance projects. General-purpose monies of the District are used to support capital outlay projects inter-fund transfer from the General Fund into the Capital Outlay Projects Fund.

**The Prop M Bond Construction Fund (42)**

The Prop M Bond Construction Fund is used to account for the monies received from issuance of the Prop M bonds and the construction projects for which that money is used.

**Energy Conservation Projects Fund (43)**

The Energy Conservation Projects Fund is involved in a number of major energy saving projects with the goal of reducing energy costs while maintaining and improving the comfort of occupied spaces.

**Post Retirement Benefits Fund (69)**

This fund was established during the 1997-98 fiscal year to receive the amounts set aside for medical and dental insurance paid for employees of the District who have retired or will retire and covered under provisions of the benefits plan.

**Associated Students Trust Fund (71)**

The District, for organized student body associations, designates the Associated Students Fund to account for monies held in trust. This fund also accounts for monies of student clubs formed through the District.

**Student Representation Fee Trust Fund (72)**

Education Code Section 76060.5 provides for a student representation fee of one dollar per semester if approved by two-thirds of the students voting in the election. In the fall of 1990, Palomar College established this fee. Monies collected are to be expended to provide for the support of governmental affairs representatives who may be stating their positions and viewpoints before city, county and district governments and before offices and agencies of the state government.

**Student Center Fee Fund (73)**

This fund is to account for monies collected for the addition to the Student Center facility. The funds are used for the debt service of lease revenue bonds issued to finance the addition.

**Student Financial Aid Trust Fund (74)**

The Student Financial Aid Trust Fund is the fund designated to account for the deposit and the direct payments of government-funded student financial aid, including grant and loans or other monies intended for similar purposes and the required district-matching share of payments to students.

**Scholarship and Loan Trust Fund (75)**

The Scholarship and Loan Trust Fund is the fund designated to account for such gifts, donations, bequests and devises (subject to donor restrictions) which are to be used for scholarships or for grants in aid and loans to students. This fund is used to account for the expendable trusts, where both principal and interest may be expended or disbursed. During fiscal year 1997-98, the majority of these scholarship accounts were transferred to the Palomar Community College Foundation.
