**NOTES TO THE FINANCIAL STATEMENTS
June 30, 2010**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

ACCOUNTING POLICIES

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board and *Audits of State and Local Governmental Units* issued by the American Institute of Certified Public Accountants.

FUND STRUCTURE

The Statement of Revenues, Expenditures and Change in Fund Balance is a statement of financial activities of the Prop M Bond Construction Fund – Proposition M Bond Program (Series A) related to the current reporting period. Expenditures frequently include amounts for land, buildings, equipment, retirement of indebtedness, transfers to other funds, etc. Consequently, this statement does not purport to present the result of operations or the net income or loss for the period as would a statement of income for a profit-type organization.

BASIS OF ACCOUNTING

The Prop M Bond Construction Fund – Proposition M Bond Program (Series A) of the Palomar Community College District is maintained on the modified accrual basis of accounting. As such, revenues are recognized when they become susceptible to accrual, which is to say, when they become both measurable and available to finance expenditures of the current period. Expenditures are recognized in the accounting period in which the liability is incurred (when goods are received or services rendered).

Cash in the County Treasury is recorded at fair value, in accordance with the requirements of GASB Statement No. 31.

BUDGET

The Statement of Revenues, Expenditures and Change in Fund Balance – Budget and Actual includes a column titled “Budget”. The amounts in this column represent the budget adopted by the Board and all amendments throughout the year.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

CAPITAL ASSETS AND LONG-TERM DEBT

The accounting and reporting treatment applied to the capital assets and long-term liabilities associated with the Prop M Bond Construction Fund – Proposition Bond M Program (Series A) are determined by its measurement focus. The Fund is accounted for on a spending or “financial flow” measurement focus. This means that only current assets and current liabilities are generally included on the balance sheet. The reported fund balance is considered a measure of “available spendable resources”. Thus, the capital assets and long-term liabilities associated with the Prop M Bond Construction Fund – Proposition Bond M Program (Series A) are accounted for in the basic financial statements of the Palomar Community College District.

ESTIMATES

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTE 2 – DEPOSITS AND INVESTMENTS:

In accordance with the Budget and Accounting Manual, the District maintains substantially all of its cash in the San Diego County Treasury as part of the common education investment pool. These pooled funds are carried at fair value. Interest earned is deposited monthly into participating funds. Any investment losses are proportionately shared by all funds in the pool.

The County is authorized to deposit cash and invest excess funds by California Government Code Section 53648 et. seq. The county is restricted by Government Code Section 53635 pursuant to Section 53601 to invest in time deposits, U.S. government securities, state registered warrants, notes or bonds, State Treasurer’s investment pool, bankers’ acceptances, commercial paper, negotiable certificates of deposit, and repurchase or reverse repurchase agreements. The funds maintained by the County are either secured by federal depository insurance or are collateralized. Interest earned is deposited quarterly into participating funds. Any investment losses are proportionately shared by all funds in the pool.

STATEMENTS PERFORMED IN ACCORDANCE
WITH *GOVERNMENT AUDITING STANDARDS***

The Board of Trustees
The Independent Citizens' Oversight Committee
Palomar Community College District

San Marcos, CA 92069-1487

We have audited the financial statements of Prop M Bond Construction Fund – Proposition M Bond Program (Series A) of the Palomar Community College District as of and for the year ended June 30, 2010, and have issued our report thereon dated December 13, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Palomar Community College District's internal control over the Prop M Bond Construction Fund – Proposition M Bond program (Series A) financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the fund financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency or a combination of deficiencies in internal control such that there is a reasonable possibility that a material misstatement of the financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control over Prop M Bond Construction Fund – Proposition M Bond Program (Series A) financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER
MATTERS BASED ON AN AUDIT OF FINANCIAL

WITH *GOVERNMENT AUDITING STANDARDS***

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Prop M Bond Construction Fund – Proposition M Bond Program (Series A) of the Palomar Community College District’s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of the Prop M Bond Construction Fund – Proposition M Bond Program (Series A) financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters related to the Prop M Bond Construction Fund – Proposition M Bond Program (Series A) that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Board, the Independent Citizens’ Oversight Committee, and management and is not intended to be and should not be used by anyone other than these specified parties.
