TO: Governing Board of the Palomar Community College District

FROM: *Jack Kahn, Ph.D., Interim Superintendent/President*

PRESENTED BY: *Yulian Ligioso, Acting Assistant Superintendent/ Vice President, Finance and Administrative Services and Carmen Coniglio, Senior Director, Fiscal Services*

Due to the great uncertainty of the California state budget situation, brought on by the public health emergency associated with the coronavirus disease 2019 (COVID-19) pandemic, strict compliance with the regulations governing financial reporting requirements were thought to impede the continuity of education during the COVID-19 pandemic. To counter this, the Chancellor's Office introduced the "Novel Coronavirus (COVID-19) Guidance – Extension of Fiscal Reporting Due Dates", operationalized through Executive Order 2020-06, which was presented at the May 26, 2020 Governing Board meeting. Executive Order 2020-06 temporarily suspended California Code of Regulations, title 5, sections 58300, 58301, 58305(a), 58305(c), 58305(d), and 59106. (5 Cal. Code Regs. 52020) and allowed colleges to postpone fiscal reporting to August 1 for the Tentative Budget and October 31 for the Adopted Budget. It is under this Executive Order that Palomar College is presenting the fiscal year 2020-21 Adopted Budget. The Adopted Budget reflects the most recent enacted fiscal year 2020-21 State budget.

There were a number of factors considered in developing the fiscal year 2020-21 Palomar Community College District's Adopted Budget. We utilized the knowledge gained through cost savings initiatives completed in fiscal year 2019-20, including the confirmed and expected retirements of faculty and staff, negotiations with all represented employees to amend our benefit program costs and our recent dependent audit, which is projected to further reduce our expenses. Combined, these accomplishments resulted in an overall reduction of expenses. All of these reductions informed the 2020-21 budget. We also took into consideration the expenses related to the COVID-19 pandemic and the recently passed State of California 2020-21 budget.

The initiatives associated with our response to the eight recommendations prescribed in the Fiscal Health Risk Analysis report from the Fiscal Crisis Management Assessment Team (FCMAT) also impacted the design of the fiscal year 2020-21 Adopted Budget. Specifically, the work in progress to improve our audit processes and position control both provide better insight into our fiscal future.

In addition, this budget is the first of its kind as we launch our initiative to eliminate the practice of roll-over budgeting. Lastly, the diligent work led by Executive Administrators, in collaboration with all participatory governance groups, and non-represented staff, to conduct an in-depth analysis of revenue and expenses for the current fiscal year, and an unexpected financial reward for our sustainability practices, has resulted in a surplus of \$126,493 for the 2019-20 fiscal year. This figure includes the amount borrowed from the other post-employment benefit (OPEB) fund.

The fiscal year 2020-21 Adopted Budget is \$600.7 million. It consists of \$207.7 million in general unrestricted and restricted funds and \$392.9 million in other governmental, proprietary, and fiduciary funds. The general unrestricted fund is the operational money for the District and the only funds that are discretionary. The Chancellor's Office updated deferral methodologies, coupled with tightened internal cash flow management, will avert the need for the district to borrow external funds in 2020-21.

A frequent evaluation of expense reducing initiatives and continual negotiations with all represented groups continues to be our focus, so that we may address our structural deficit for the long-term. This practice will aid in the discussion we aim to have with the Board of Governors in November, regarding the funding status of the Fallbrook and Rancho Bernardo Education Centers. If center status is approved, the District will earn an additional \$2.7 million in revenue.

During the fiscal year 2019-20, the College reported 17,558 FTES (at Period 2), which represents a decline of 1,590 FTES, or 8.3%, over 2017-18 FTES of 19,148, the base year for the Student-Centered Funding Formula. The pandemic has impacted our enrollment in a multitude of ways. In addition to the reduced number of courses offered onsite and the inability to convert all courses to remote delivery, we also understand that the COVID-19 pandemic has impacted our students in numerous ways. Many students are now having to support families, which has depleted their ability to dedicate time to their educational plans. The planned course schedule for spring 2021 provides for more onsite courses, and will positively impact declining enrollment for this academic year.

The Enrollment Management Task Force has shared the 2020-2023 Strategic Enrollment Management Plan with constituency groups. The plan is reliant upon data and inclusive of Student-Centered Funding Formula modeling, to inform scheduling, outreach and retention. This plan along with the completion of the position control initiative and the more comprehensive and transparent budget development strategy, may impact the last half of the 2020-21 fiscal year.

Finally, we are committed to making certain that programming and initiatives that impact student success will continue to be our top priority. It is a huge undertaking to review all of our cost savings and vacant positions to re-organize our team of professionals. We will do so in order to support our mission, student achievement and our long-term fiscal health. The Executive Cabinet has informed the campus of the process that will be utilized during the re-organization initiative. In alignment with our commitment for improved communication, employees and the Board will be informed as this initiative unfolds.

I would like to thank the campus community for all of their support, words of appreciation and commitment while we continue to work through our response to the FCMAT report and continue to re-build our College. I am in deep gratitude to our faculty, staff, and administrators for their unrelenting focus on student success, particularly as we proceed through this pandemic. I appreciate the opportunity afforded to me by the Governing Board as the current leader of the District and their commitment to the continued success of our students.

STATE BUDGET OVERVIEW

2020-21 Enacted Budget

On June 29, 2020, Governor Newsom signed into law the \$202.1 billion spending plan for the 2020-21 fiscal year, including components of the May Revision and the agreement reached between the Newsom Administration and the Legislature. The Budget Act reflects the impact of the global health crisis associated with the coronavirus disease 2019 (COVID-19) pandemic, which has resulted in seismic shifts in the state's economic conditions. The state's economy entered a deep and unexpected recession in the fourth quarter of 2019-20, worsened by the added spending related to the state's COVID-19 response. The enacted budget includes the following components:

- Rejects the May Revision proposal to reduce apportionment funding in the Student Centered Funding Formula (SCFF)
- Approves the May Revision proposal to extend the Hold Harmless provisions under the SCFF by an additional two years, through 2023-24
- The language in SB 116/AB 94 stipulates that for 2020-21, the SCFF maintains the 70/20/10 split between base, supplemental, and student success allocations
- No Cost-of-Living Adjustment
- No enrollment growth
- Instead of imposing cuts to the SCFF, lawmakers rely on community college deferrals totaling \$1.45 billion. The budget agreement requires the following deferred payments:
 - \$300 million from June 2021 to July 2021
 - \$300 million from May 2021 to August 2021
 - \$300 million from April 2021 to September 2021
 - \$300 million from March 2021 to October 2021
 - \$253 million from February 2021 to November 2021
- If the federal government enacts legislation to provide additional funding by October 15, 2020, up to \$791.1 million of deferrals will be reduced.
- Incorporates the May Revision proposal to redirect funds to reduce employer pension contributions. Specifically, this action reduces CalPERS estimated employer contributions from 22.67% to 20.70% and Cal-STRS estimated employer contributions from 18.41% to 16.15% in 2020-21
- Creates a \$120 million one-time COVID-19 Response Block Grant to be allocated to districts based on enrollment.

State Requirements Related to Expenditures

Full-Time Faculty Obligation: For Fall 2020, Chancellor Oakley issued [Executive Order 2020-05](#) temporarily deferring all penalties related to FON Obligations for the Fall 2020 report until further notice. While penalties are deferred and not waived, districts are required to continue to report actual full-time and part-time faculty data to the Chancellor's Office.

Fifty Percent Law: A second requirement related to budgetary levels is a statutory requirement that each district spend at least 50% of its Current Expense of Education each fiscal year for salaries and benefits of classroom instructors. Under existing law, a district may apply for an exemption under limited circumstances. The 2020 Budget Act includes a trailer bill language that exempts COVID-19 related expenditures from the Fifty Percent Law through June 30, 2021.

Fiscal Reporting Due Dates

On March 4, 2020, Governor Newsom signed Executive Order N-25-20 acknowledging the impact of COVID-19 on Californians and temporarily extended tax filing deadlines by 60 days. Furthermore, the Franchise Tax Board postponed tax filing and payment deadlines to July 15, 2020 for 2019 tax returns. Due to the extension in filing and payment of certain taxes, the Department of Finance will not have accurate revenue projections until August. On May 13, 2020, Chancellor Oakley issued [Executive Order 2020-06](#) temporarily suspending regulations related to community college districts' fiscal reporting due dates given the uncertainty in state budget approval timelines and state revenues. Due to the existing state of emergency, the Chancellor has granted temporary extensions on financial reporting deadlines as follows:

Financial Reporting Requirement	Regulatory Due Date	New Due Date	CCR Title 5 Section
Tentative Budget	July 1	August 1	58305(a)
Adopted Budget	September 15	October 31	58300
