

FACULTY AND STAFF GRANT GUIDELINES & APPLICATION

The Palomar College Foundation offers grants to faculty and staff for innovative projects/programs that promote the Palomar College Mission and College's Educational Master Plan which have no other source of internal or external funding. The Foundation Board of Directors Grant Review Committee will review all applications and although there is a finite budget for grants, there is no set funding limit. The Foundation does not fund grant applications for scholarships, routine facilities maintenance, or projects/programs that have already occurred. If the request is \$5,000 or more, be prepared to meet with the Foundation Board of Directors Grant Review Committee. If the request is \$25,000 or more, be prepared to give a formal presentation to the Foundation Board of Directors.

If your grant application is accepted, you must use the funds within six months of the decision, and only for the intended purpose. Once the funds have been used, the Foundation requires a evaluation report that includes the outcome and effectiveness of the project/program, participation statistics, a complete accounting of all funds, and pictures or videos from the event that can be shared on social media.
