2 Code of Federal Regulations Part 200 (The Federal Education Department General Administrative Regulations, 2nd Edition);

34 Code of Federal Regulations Part 600 (U.S. Department of Education regulations on the Integrity of Federal Student Financial Aid Programs under Title IV of the Higher Education Act of 1965, as amended);

ACCJC Accreditation Standard II.A.14

The District shall offer Career Education programs that implement its occupational education and economic development missions. CTE enables individuals to reach their occupational goals and supports the local economy by providing an educated workforce. CTE will serve first-time workers, incumbent workers, and those re-entering the workforce. The District will provide programs and support services appropriate to those groups. It is the District's goal to provide up-to-date, well-equipped, industry connected programs.

The Superintendent/President shall establish procedures, consistent with federal regulations pertaining to federal financial aid eligibility, to ensure the District meets the United States Department of Education disclosure requirements whenever the District intends to add a new gainful employment program.

The Superintendent/Preside shall ensure that all Career and Technical Education (CTE) programs have active industry advisory committees. These committees shall be composed primarily of community members who are experts in the education, skills, techniques, innovations, and attitudes needed in specific occupational fields. Students should also be invited to participate in advisory committees.
