The College shall develop, adopt, monitor, and publicly post measures of institutional effectiveness and strategic goals addressing:

- 1) accreditation status;
- 2) fiscal viability;
- 3) student performance outcomes; and
- 4) programmatic compliance with state and federal guidelines.

The goals should be challenging and quantifiable, address achievement gaps for underrepresented populations, and align the educational attainment of California's adult population to the workforce and economic needs of the state.

Assessments of institutional effectiveness will include review and discussion of disaggregated data to ensure the District continues to meet the needs of all students through its programs and services.
