## PALOMAR COLLEGE CSU GE Advising Guide Fall 2021 – Summer 2022

The California State University (CSU) General Education-Breadth pattern allows California Community College transfer students to fulfill the lower-division general education requirements of any California State University campus. The pattern includes 39 lower-division semester units with a minimum cumulative 2.0 GPA required, which may be certified by California Community Colleges. Partial certification may be granted by Area (A, B, C, D, E, or F). Full certification may be granted if all areas are completed. Courses may only be certified in one area and must be on the list at the time it was completed. The addition of Area F and changes to Area D are effective Fall 2021 and subsequent catalog years (see footnote for details).

## PALOMAR COLLEGE IGETC Advising Guide Fall 2021 - Summer 2022

The IGETC General Education pattern fulfills lower-division general education transfer requirements for transfer to the University of California (UC) or California State University (CSU). Courses may only be used during the time they were approved for IGETC. All courses used for IGETC require a grade of “C-” or better. A “C-” grade is not acceptable. A course may be certified in one area only with the exception of Area 6 double counting in 3B. IGETC may not be appropriate for selective majors at the UC. Students who initially enrolled at a UC campus, and attend a community college are not eligible to use IGETC for the same UC campus. See a counselor for details.
