

The Goal of the International Student Association: To create a community where all international students can connect, learn, and grow by sharing culture.

Events Organized by International Student Association (ISA) & Japanese Student Association (JSA)

International Student Association decorated the international office, SU-103 with spooky items for Halloween. The students enjoyed the event with fun games, music and food.

The first club meeting hosted by Japanese Student Association. The students played fun games and got to know each other.

SPRING REGISTRATION COMING UP!

International students can register for spring classes with the help of our counselor on Tuesday, October 28, in Room MD-215 from 1:00 p.m.-4:00 p.m. (Walk-In anytime between 1:00 p.m.-4:00 p.m. No appointment necessary)

IT IS TIME TO APPLY FOR UNIVERSITIES!

Planning to transfer to a UC or CSU next fall 2026? Visit the Palomar College Transfer Center Office or palomar.edu/transfercenter for events including application workshops.

FALL MIDTERMS ARE HERE!

Fast track 2 classes begin the week of October 20! Curious about your current grade in classes? Fill out the In-Progress Grade Form from our office to send to your instructors.

PASS/ NO PASS OPTION

Pass/No Pass forms can be turned in for some classes. Check with the International Office or an academic counselor first about options and deadlines.

Student Scholarship Recipients

Hi, I am Tisha Shakya. I am from Nepal. This is my second semester at Palomar College majoring in Computer Science. I am going to transfer to a four-year university. A fun fact about me I like using my creativity to turn simple ideas to something interesting. I'm a night owl, so my brain works the most when it's time to sleep and I'm funny of course.

My name is Nice (Niecey) Noel. I was born in Montreal, Canada and have recently moved to California. I am in my first year here at Palomar College studying Biology and Psychology in pursuit of becoming a part of the neuroscience field! For fun, I like doing anything artistic (drawing, crocheting/knitting), solving puzzles like crossword or sudoku, listening to music, watching movies or shows, and relaxing!

My name is Miki Nakamura. I am from Japan. I am studying Psychology at Palomar College, and it is my last semester. After I graduate Palomar College this December, I want to transfer to a university in Japan to continue studying Psychology. I like to play video games. Monster Hunter Rise is my favorite video game.

Phi Theta Kappa (PTK)

PTK is the international honor society for two-year colleges, recognizing academic excellence, leadership, and service. Our chapter, Alpha Omega Rho, offers opportunities for community service, leadership development, and collaborative projects. Members gain access to \$246+ million in scholarships, leadership experience, and official recognition on their diplomas and transcripts. Eligible students with a GPA of 3.5+ and 12 completed units can join for life and connect with high-achieving peers worldwide. Membership costs \$100, but it is well worth the one-time sign-on fee.

Any questions? Reach out to aorptk@gmail.com.
