Program/Discipline: Fashion	Program/Discipline Priority # FOR 2010-2011: #9	

To establish a priority, use the current Program Review and Planning (PRP) document submitted Spring 2009 (posted at [PRP Supplemental Report Form](#)) for this program or discipline. Identify from Box #2 in the PRP a priority for the upcoming academic year or develop a priority based on the data analysis discussed in Box #2.

***2. Data Analysis (restate or summarize the data analysis from the PRP):**
 1. Our enrollment has continued to increase in part because individuals are coming to retrain for different occupations because of the difficult economic situation that exists at the moment. 2. Our census enrollment load for each semester continues at well above the expectation of 85%. 3. We do not have other classrooms available that fit our physical needs based on the specificity of the subject. We continue to operate a high standard program in substandard working situations, namely the facility. 4. Our weekly student contact hours have continued to increase. 5. The full-time equivalent student is increasing. 6. We have tightened up the AA degree opportunities in the Fashion Program by deactivating the entry level certificates in fashion design and fashion merchandising. We now operate only the AA degree Technical for Design, the AA degree Technical for Merchandising, and a new AA degree program in Fashion: Buying & Retail Manafement. 7. Sometimes we are amazed that we continue to attract more and more students with the substandard facility. 8. The FTEF indicates that we need to hire one more full-time faculty member in the Fashion area.

***3.a/b. Describe your goal (priority) based on data analysis from the PRP:**
The fashion design program needs new dress forms. We have had some of our dress forms for more than 20 years. The care of them has been extraordinary but we need several new ones so we can retire the very old ones that have become very delicate.

2009-2010 Instructional Program Review and Planning Supplemental Form

**How will you evaluate whether or not you have met your goal/priority with the requested resources?
We will know we have met this priority when we have 5 new dress forms for FASH-1 and the fashion design program.**

**What evidence will you provide to reflect the impact these resources had on student learning?
One of the ways we will provide evidence is through successful employment of our students in the fashion industry. Program retention and completion will go up as we continue to provide up-to-date technology.**
