Department Design & Consumer Education	Department Priority #	<input type="checkbox"/> No funding/resources are being requested
Program/Discipline: Interior Design	Program/Discipline Priority # FOR 2010-2011: 5	

To establish a priority, use the current Program Review and Planning (PRP) document submitted Spring 2009 (posted at [PRP Supplemental Report Form](#)) for this program or discipline. Identify from Box #2 in the PRP a priority for the upcoming academic year or develop a priority based on the data analysis discussed in Box #2.

*2. Data Analysis (restate or summarize the data analysis from the PRP):					
In the design program, enrollment is limited by the drafting tables that are available for each student, which is a total of 22 in the classroom. The success rate of our students is aligned with the overall data of the college. The data analysis for the Interior Design department reflects the fact that our classes are limited by room and equipment availability. The Interior Design classes must be scheduled according to classroom and equipment availability, which is extremely limited due to the fact that the same classrooms and computers with architectural software must be shared with the Architecture and Drafting Technology programs. In addition, the economy of the state and county impacts our program greatly. The housing industry and its overall economic health effects the enrollment trends in the Interior Design program.					
*3.a/b. Describe your goal (priority) based on data analysis from the PRP: To prepare students for 21st Century skills related to the design industry and successful entry into the workplace.					
Resources requested: Identify all the resources you are requesting to support the implementation of this priority. These resources would be additional funding needed beyond what is already provided to the discipline through the base resource allocation process.	Describe the resource(s) requested	Cite page(s) that provide rationale for this priority request	Estimated Amount of Funding Requested	New, one-time funding	New, on-going funding
