Palomar College – Program Review and Planning
Non-Instructional Programs
YEAR 1
Academic Year 2012-13

Purpose of Program Review and Planning: The institution assesses progress toward achieving stated goals and makes decisions regarding the improvement of institutional effectiveness in an on-going and systematic cycle of evaluation, integrated planning, resource allocation, implementation, and re-evaluation. Evaluation is based on analyses of both quantitative and qualitative data (ACCJC/WASC, Standard I, B.3.)

New EOPS students receive an EOPS orientation. Continuing EOPS students are required to review, complete and submit a continuing EOPS student orientation each semester. New CARE participants must also attend a CARE orientation. Continuing CARE participants are required to review, complete and submit a continuing CARE student orientation each semester. According to Title 5 regulations EOPS students are required to have 3 counseling contacts each semester and have a six semester Educational Plan on file. Ed plans are revised during counseling visits as needed; revisions during the semester are not counted as a new Ed Plan.

Observations: The 4 year trend reflects a reduction of about 34% in student contacts. This was a result of continued uncertainty of the department's budget (i.e., categorical funds) at the beginning of each fiscal year (i.e., late state budget approval) as well as budget reductions. The loss of funding for part-time counselors and 1 FT counselor has also impacted serving student's needs as well as ensuring program compliance. In 2008-2009, the department had 6 FT Staff and in the past four years has been reduced by 2.0 FT.

EOPS Cap was exceeded for 2008-2009 by 38 students (Cap: 1,191); in 2009-2010 cap was exceeded by 267 students (cap: 719); in 2010-2011 cap was exceeded by 309 students (Cap: 719) , in 2011-2012 cap was exceeded by 152 students (Cap: 719). Staff provide when requested by high schools and the college's Financial Aid department to conduct financial aid workshops, information and assistance at local high schools in our district and outreach events in the community. The focus on assisting students with financial aid was to ensure that students obtained other financial resources due to the reduction in EOPS monetary services (i.e., elimination of bus passes, grants, meal tickets and the reduction in EOPS monetary services (i.e., elimination of bus passes, grants, meal tickets and the reduction in book vouchers).

FTEF Headcount Ratio may still inaccurately imply or reflect the number of students counselor may have seen during an academic year: the unduplicated MIS student count is derived from the initial contact of student with an EOPS counselor following the new student orientation. If the student does not return after that first contact, the student is counted throughout the year in the unduplicated MIS count. Also continuing EOPS students who do not complete the mandatory 3 Counseling contacts will be counted throughout the year in the unduplicated MIS count if they meet once with an EOPS Counselor. On-line contacts and phone contacts are not consistently documented therefore they are not reflected in the above student-counselor contact number.

During the 2011-2012 school year, the District provided funds to ensure that counseling and staff services were maintained. The District determined that it would continue to exercise the opportunity to seek a waiver to not fill the position until the state's budget crisis improves. The Director of Financial Aid, Veterans & Scholarships Services is serving as the Interim Director (i.e., 50%) In addition, some of operational expenses were paid by Financial Aid department since EOPs regulations would not allow expenses to be covered by the program funds.

It is vital to our educational and economically at risk disadvantage students that enroll at the college and those that enter into the EOPS program that the District continues its support and monetary contribution to maintain services.

I. B. Please summarize the findings of SAO assessments conducted.

After 26 sessions were conducted between 3 EOPS counselors, the data showed that 44% or 297/678 EOPS students completed the pre and post-survey question.

The results showed the significant increases in the level of awareness of other available academic support services by the students in the areas of 1) study group (from 44% or 130/297 to 73% or 218/297 and the difference in percentages is 29%), 2) instructors' office hours (from 66% or 196/297 to 85% or 252/297 and the difference is 19%), and 3) Tutoring Center (from 71% or 213/297 to 90% or 267/297 and the difference is 19%).

I. C. Reflect upon the SAO assessment findings in <u>Box B</u> above. Discuss overall observations and any areas of concern or noteworthy trends.

This group session was part of the 2nd EOPs contact requirement for students. While the college provides an orientation for new students, students need to be reminded of the academic support services available and this should not be limited to the 2nd group contact which does not occur until over 4 weeks into the semester.   Should consider offering workshops on these topics as early as a week before the semester starts and of course with gas card incentives.

STEP II. PLANNING
Reflecting on the 4-year trend data, the SAO assessment results, and the college's <u>Strategic Plan 2013</u>, describe/discuss the discipline planning related to the following:

II. A. Programs changes and improvements (consider changes due to growth in FTES and Headcount, CSU/UC transfer language updates, articulation, workforce and labor market projections, certificate or degree completions, etc.)

The implementation of the Student Success Task Force will be in line with already what the EOPS/CARE program is currently mandated to provide to students. While EOPS/CARE funding has been stabled and the cap of serving students is currently reasonable to manage with the current staffing level, we are considering hiring an hourly employee in lieu of an adjunct counselor to conduct the 2nd group contact workshop to maximize funding at a lower salary/benefits level and to offer more group contact opportunity for students.   This will then allow for the availability of individual counselor appointments for the 1st and 3rd contact requirement.

II. B. Additional programs to develop (consider enrollment trends, student demands, wait times, comprehensiveness, etc.)

Provide workshops on specific topics to ensure student success similar to counseling courses. Workshops would be more attractive to students due to short time commitment needed and specific subject matter presented. Gas cards will be provided similar to what is being given for 2nd group contacts as an incentive to help minimize financial burden.

STEP III. RESOURCE REQUESTS FOR DISCIPLINE:

III. A. Describe the resources necessary to successfully implement the planning described above. Provide a detailed rationale for each request by referring to the analyses of data and SAO assessment results in Step I and/or to any other evidence not apparent in the data or SAO Assessment results.

III. B. Are there other resources (including data) that you need to complete your discipline review and planning?

None

STEP IV. SHARE YOUR ACCOMPLISHMENTS **Please include at least one discipline accomplishment that you'd like to share with the college community.**

We continue to coordinate the Thanksgiving Holiday meal event for EOPS students and their families with this year providing a gift card to purchase the items at the local market. We continued our partnership with Campus Police for a toy drive to give toys to the children of EOPs students.

STEP V. ACCREDITATION   **For programs with an external accreditation, indicate the date of the last accreditation visit and discuss recommendations and progress made on the recommendations.**

STEP VI. COMMENTS **Other comments, recommendations: (Please use this space for additional comments or recommendations that don't fit in any category above.)**

The support by the Dean of Counseling and the Vice President of Student Services in providing additional district funds to cover staff salary/benefits and also needed overload for counseling appointments made it possible to maintain the number and amounts of book vouchers and gas cards we provided to our students each semester.   These expenditures are allowable under EOPS categorical funds.

Please identify faculty and staff who participated in the development of the plan for this department:
