

# Palomar College – Institutional Review and Planning Instructional Programs

**Purpose of Institutional Review and Planning:**

The institution assesses progress toward achieving stated goals and makes decisions regarding the improvement of institutional effectiveness in an on-going and systematic cycle of evaluation, integrated planning, resource allocation, implementation, and re-evaluation. Evaluation is based on analyses of both quantitative and qualitative data (ACCJC/WASC, Standard I, B.3.)

**2. Reflect upon and analyze the above 3-year trend data. Briefly discuss overall observations and any areas of concern or noteworthy trends.**

Enrollment in German classes continues to grow. In Summer 2008, the Department is offering an additional section of German with the intent of strengthening the discipline and meeting the demand for these courses. By offering elementary courses in the summer, more students are prepared to enroll in intermediate level courses in the Fall and Spring Semesters, thereby increasing our enrollment in German 201 and 202. These summer classes also attract a large number of students from other colleges, universities, and high schools.

**3. Reflecting on the 3-year trend data, describe/discuss discipline planning related to the following:**

PLAN – 2007-08	Progress – 2008-09
<p><b>a. Curriculum, programs, certificates and degrees (consider changes due to CSU/UC transfer language updates, articulation, workforce and labor market projections, certificate or degree completions, etc.)</b></p> <p>In the field of foreign languages, recent trends show increased student demand for certificates and AA Degrees in a foreign language. To meet this demand, our department has added this year an AA Degree and a Certificate Program in French. We are in the process of creating such a program in Spanish. We need to be able to create similar programs in other disciplines. Without full-time faculty in the other disciplines, such as German, we are unable to do so and thus compete with community colleges in our area.</p> <p>Presently the Foreign Languages Department offers:</p> <ul style="list-style-type: none"> <li>• Germ 101</li> <li>• Germ 102</li> <li>• Germ 201</li> <li>• Germ 202</li> </ul>	
<p><b>b. Class scheduling (consider enrollment trends, growth, course rotation, comprehensiveness, etc.)</b></p> <p>Summer 2008, we are offering one additional section (for a total of two sections) of German.</p> <p>Fall 2008, additional sections of German are being offered to meet the demand.</p>	

**4. Discuss/identify the resources necessary to successfully implement the planning described:**

PLAN – 2007-08	Progress – 2008-09
<p><b>a. Equipment/Technology – block grant funds, VTEA, other resources, etc.</b></p> <p>With growing enrollment, more laboratory space is desperately needed. With only 23 computers in our lab, we are under equipped to serve our students who must complete their 16-hour language lab requirement. This problem is even more serious in the summer because of the compressed schedule.</p> <p>Equipment needed include: Computers, DVD players, lab management software, updated versions of lab software (such as Rosetta Stone), additional foreign films, Sanako language learning software and hardware, and software subscription to “Scola” and “Before you know it”.</p>	
<p><b>b. Budget – budget development process, one-time funds, grants, etc.</b></p> <p>Funds are needed to expand our language laboratory and to purchase additional equipment. (See above 4a)</p>	
<p><b>c. Facilities – schedule maintenance needs, additional classrooms/labs due to growth, remodeling, etc.</b></p> <p>MORE dedicated classrooms. MORE lab space. Our department has expanded by offering additional sections. Our limitation is classroom space (dedicated classrooms) that we can rely on to offer classes over the next five years as we prepare to move into the Humanities building. The current language lab cannot accommodate the number of students in our program.</p>	
<p><b>d. Faculty position(s) – faculty priority process and projected full-time needs for 1 – 3 years</b></p> <p>We have fewer full-time faculty members today than we did in 2001. We have gone from 10 full-time to 8 full-time faculty members. We have not replaced all retirements nor have we added new faculty as the department has grown. Our professor of German, Tim Ulman, retired in January 2003 and <u>still</u> has not been replaced.</p> <ul style="list-style-type: none"> <li>• For academic year 2009/2010, we desperately need a full-time faculty member in <u>German</u>.</li> </ul>	

<p><b>e. Staff position(s) – changes in instructional or support needs due to program growth, new technology, etc.</b></p> <p><b>Needed: 2 full-time Instructional Support Assistant I positions.</b></p> <p><b>a. We lost our full-time Instructional Support Assistant I position (100%, 12-month contract) in 2003 when the employee resigned. This position has never been replaced. An Instructional Support Assistant was transferred from ESL to work in our department but her contract is only part-time (45%, 10-month contract). Currently, we rely on student workers to staff the lab during peak times and summer months.</b></p> <p><b>b. We will need an additional Instructional Support Asst. I full-time (100%, 12-month) position to support new lab space.</b></p>	
<p><b>f. Other</b></p>	

**5. Discuss one discipline goal linked to Palomar's Strategic Plan 2009 and how it will support the success of students.**

**Strategic Plan 2009: "Facilitate student learning and goal attainment by providing comprehensive educational programs and services in diverse, accessible formats and locations: Develop and implement an institution wide plan that includes strategies to improve retention (course completion) and persistence (semester to semester attendance and completion)."**

**Our goal in the Foreign Languages Department is to offer a wide range of transfer-level classes in a variety of formats and meeting times. We offer courses in German at the San Marcos campus. Our strategies to improve retention and persistence include offering classes in the afternoon and evening. When additional classroom space becomes available, we intend to offer classes during the morning. We have also responded to community demand for additional classes by offering two sections of German during Summer 2008.**

**6. Student Learning Outcome progress:**

**a. Describe a learning outcome at the course or program level and the assessment used to measure student learning of that outcome.**

**Learning Outcome: Intermediate level speaking skills.**

**In our third semester language courses, (201 level) students learning outcomes are measured through oral presentations, in-class speaking activities, recordings made by students, oral interviews and in-class pair-work.**

**b. Discuss a learning outcome that is observable yet difficult to measure.**

**Learning Outcome: Cultural Insight, an awareness and appreciation for the culture of the speakers of the target language.**

**Students at all levels study the culture of the target language through the study of festivities and holidays, the customs and traditions of each society and their impact on our culture. Students are asked to make cultural presentations at all levels of language learning. Also emphasized is the importance of artists and historical figures that shape our world.**

**7. Describe a discipline accomplishment that you want to share with the college community.**

**In Summer 2008, an additional German section is being offered, making a total of two German classes taught for that period.**

**8. Are there other resources (including data) that you need to complete your discipline review and planning?**

9. For programs with an external accreditation, indicate the date of the last accreditation visit and discuss recommendations and progress made on the recommendations.

10. Other comments, recommendations:

<p>Our goal with this report is to express the needs and accomplishments of our department. We are committed to offering students a variety of learning and cultural experiences through the study of languages. We feel the need to hire faculty that will represent all languages taught in the department. We are committed to developing stronger programs for all the disciplines offered and we know that this can only be done by hiring full-time faculty.</p>
