Program/Discipline:		Program/Discipline Priority # FOR 2010-2011:

To establish a priority, use the current Program Review and Planning (PRP) document submitted Spring 2009 (posted at <http://www.palomar.edu/irp/IPRPSupplementalReport.htm>) for this program or discipline. Identify from Box #2 in the PRP a priority for the upcoming academic year or develop a priority based on the data analysis discussed in Box #2.

*2. Data Analysis (restate or summarize the data analysis from the PRP): Data suggests that WSCH and FETES growth rates are sustained suggesting the need for continued high level equipment in classrooms.					
*3.a/b. Describe your goal (priority) based on data analysis from the PRP: To enhance the student learning experience with improved and up-to-date maps in our major classrooms and current technologies.					
Resources requested: Identify all the resources you are requesting to support the implementation of this priority. These resources would be additional funding needed beyond what is already provided to the discipline through the base resource allocation process. How will you evaluate whether or not you have met your goal/priority with the requested resources?
 If we have increased our FTEF in Economics and Political Science and reduced our dependency on adjuncts.

What evidence will you provide to reflect the impact these resources had on student learning?
 When new full-time faculty are hired to provide more general time and office hours for the students, increase retention rates and success rates, and assist in SLO assessments.

6. Reflect on the progress your discipline and/or department is making on defining, implementing, and assessing course, program, GE/Institutional level SLOs. What have been the benefits and what have been the challenges?
 We have identified SLOs for Econ 100, 101, and 102. We have completed SLOACs for Econ 101 in Spring and Fall 2009. We are working on problems with students and graphing and developing new activities to allow for additional practice. We have identified SLOs for POSC 100, 101, 102, and 120. We are performing our first SLOAC for POSC in the Spring 2010 and will have data collected and assessed by the end of the semester. We have had an extraordinary interaction and discussion concerning the SLOs and assessment. We have had significant sharing of materials and ideas. We have completed SLO assessment cycles for history writing for History 101, 102, 105, 106, 107, 121. We have had widespread faculty participation in creating the SLOs and conducting the assessment cycle. We have not had 100% participation and it has been a challenge to get all faculty involved. We have had an extraordinary (for this discipline) interaction and discussion concerning the SLOs and assessment. We have gained a much enhanced view of just how individual faculty deal with history writing and have had significant sharing of materials and ideas. We have gained a much better perspective of how our students perform in writing and have discovered areas of writing that we instructors need to emphasize and reinforce.
