Welcome To Work session #2

EVP “Big Picture” direction

- Our Vision Plan 2035 should help us define where we are now and where we want to go over the next twelve years!
- Educational Vision Plan
 - Our students and enrollments (current and expected)
 - Our instructional programs and student services (relevant and sustainable)
 - How are we configured to support our community (role and focus of our locations/distance education including programs offered at centers and DE)
- The Educational Vision Plan will impact other plans/resources.
 - Facilities (which will be integrated and part of our complete Vision Plan 2035)
 - Technology
 - Staffing

What does sustainability mean to YOU?

What is Sustainability?

“I currently work in the Rancho Bernardo building, which is a LEED Silver building. It’s beautiful and has energy-saving details such as lights that automatically turn off if no one is in a room. The materials are beautiful, and the rooms are filled with natural sunlight. I hope that any new buildings, on any of Palomar’s campuses, will be LEED certified, as this ties in with Palomar’s interest in sustainability as well as the directives from the state level.”

- Jessica Newman, MFA
Assistant Professor of Interior Design
Palomar Community College District
Rancho Bernardo Campus

“Sustainability - Practices.”

“Sustainability – Combat Climate Change.”
