## **General Information**

# History of Palomar College

## GENERAL INFORMATION

Palomar College has a history rich in tradition and educational achievements. On January 15, 1944, registered voters in the Vista Unified School District, the Fallbrook Union School District, and the Escondido Union High School District voted 714 to 417 in favor of establishing a “junior college” in the North San Diego County area. Under state law, the San Diego County Superintendent of Schools appointed five persons as members of the first Governing Board for the new college. The Governing Board hired the first college president in 1946, Dr. Daniel C. McNaughton, who was supported by a director, a dean of students, and nine faculty members. Located on the Vista High School campus, Palomar College opened its classroom doors on September 23, 1946, with exactly 100 students enrolled in classes in science, mathematics, music, art, social sciences, commerce, English, physical education, and foreign languages.

Today, Palomar College is a public, two-year comprehensive community college serving a large student body of diverse ages, ethnicities, and lifestyles. The District's 200-acre main campus is located at 1140 West Mission Road in San Marcos. The San Marcos Campus, Education Centers in Escondido, Fallbrook, Rancho Bernardo, and three additional sites serve a District covering 2,555-square-miles ranging from urban to agricultural areas of North San Diego County.

The three education sites are in Camp Pendleton, Ramona, and Pauma Valley. The Escondido Education Center is located on eight acres owned by the District, and the Fallbrook Education Center is located on an 82-acre property in Fallbrook. The Rancho Bernardo Education Center includes a large building and associated parking structure.

Palomar College constitutes a single-college district, and it is the largest single community college district in San Diego County. Palomar College borders seven other community college districts: South Orange County, Mt. San Jacinto, Desert, Imperial Valley, Grossmont-Cuyamaca, San Diego, and MiraCosta.

Palomar College has five academic divisions: (1) Arts, Media, Business, and Computer Science; (2) Career, Technical, and Extended Education; (3) Languages and Literature; (4) Mathematics, Sciences, and Engineering; and (5) Social and Behavioral Sciences. The College offers more than 250 credit degree and certificate programs within those five divisions and noncredit courses. At Palomar, students have the opportunity to participate in a vibrant college life that includes free art and cinema series, dozens of academic and social campus organizations, competitive intercollegiate sports teams for men and women, and dozens of music, theater, and dance performances.

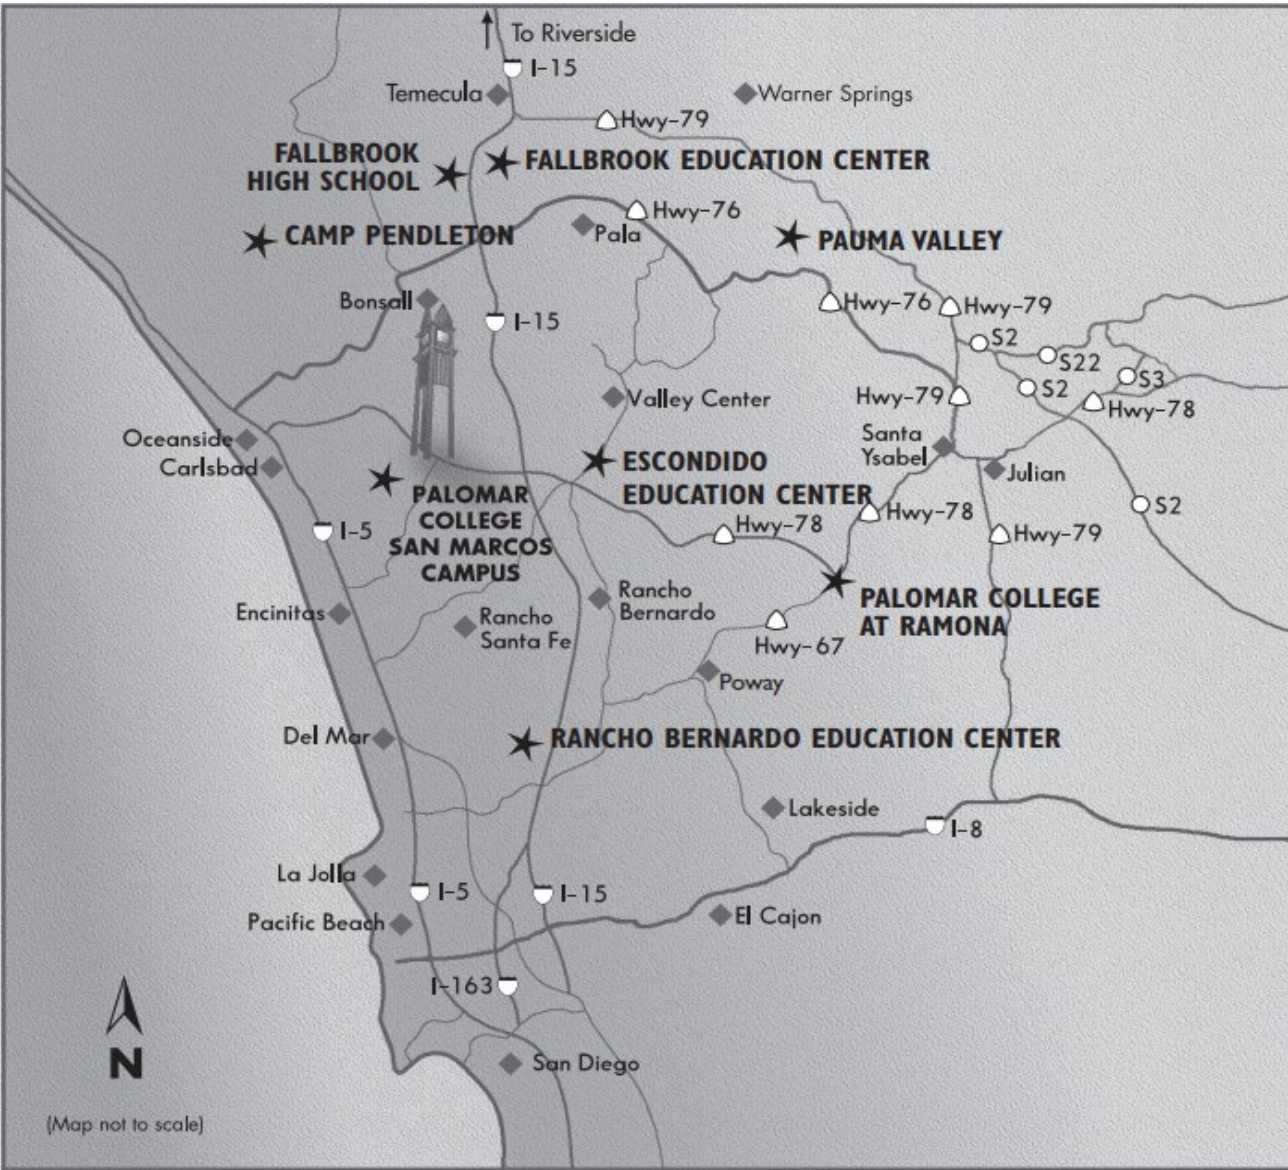

In the November 2006 General Election, voters approved an educational facilities improvement measure (Proposition M), which provided the majority of the funding for the College's \$1 billion construction and remodel plan. The first major step in the implementation of this plan was realized with the completion of the Natural Sciences Building, which opened for the Fall 2007 semester. Most recently, the District prioritized the last three Proposition M projects. These consist of the Athletics stadiums and fieldhouse, a 40,000 square foot building at the Fallbrook Education Center, and a redesign of the old library building on the San Marcos Campus.

In November of 2023, the Palomar College Governing Board approved the Vision Plan 2035. This plan establishes the vision for Palomar's educational and student support programs and facilities over the next twelve years.

 and SB15\_Enroll\_Stat = "First-Time" for both of the above

Notes: *First-Time* Students are defined to be those enrolled in college for the first time after High School.  
*Credit* Students are defined to be those who enrolled in at least one credit course.  
*NonCredit* Students are defined to be those who enrolled exclusively in non-credit courses.

Per the CCCCCO, SB15\_Enroll\_Stat may be coded as "Unknown" if a student is enrolled in noncredit courses only -- thus accounting for the low number of *NonCredit* Students classified as "First-Time".
