

MATH PREP PROGRAMS AT PALOMAR COLLEGE

The Math Department offers a variety of math prep workshops and noncredit courses to help students achieve success in their transfer-level math classes!

Math Jam: for a quick refresher

- ★ These free 4-hour workshops are for a quick math refresher just before the 16-week semester begins.
- ★ Three levels are offered: College Algebra, Statistics, Calculus.
- ★ <https://www.palomar.edu/math/math-jam/>

Bridge to College Math (NBASC 901): for winter interssion and summer prep

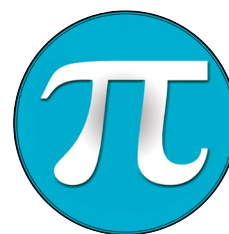

- ★ This 3-week noncredit class is designed to give students a math refresher, preparing them for their transfer-level math or statistics class.
- ★ <https://www.palomar.edu/math/bridge-to-college-math/>

Math Center Bridge (NBASC 901): for Fall and Spring prep

- ★ This self-paced, open-entry, open-exit, non-credit course, allows students to review topics and skills. Students can review prior to entering a college-level math class or as a just-in-time review on specific topics
- ★ <https://www.palomar.edu/math/bridge-to-college-math/>

Contact Information:

- ★ The Math Center at 760-744-1150 x2718
