

If you love helping people and children, this could be a great fit for you!

We have a unique household where we need a caregiver for a mom of two grade school-aged children. Mom is named Amanda. She is 46, quadriplegic, and very active with her children. No prior caregiving experience is required as we feel confident teaching you everything she needs, which includes helping in the bathroom, meal prepping, feeding, driving, lifting (in some cases) and playing with the kids! Prior babysitting or nanny experience is definitely important to us, however.

We provide all meals and we have an option for 50% of health insurance premiums.

We prefer employment to last at least one year, if not longer, but this is not mandatory.

We are currently requiring our caregivers to wear masks.

Also, it's definitely a big plus for caregivers to be physically fit!

We have three shifts currently available. The first is Monday and Wednesday from 9 AM to 7 PM, and Friday from 9 AM to 5 PM. The next one is an overnight shift (with sleeping) and the nights we are seeking are Sunday, Tuesday and Thursday from 5 PM to 9 AM. The second shift opening up is a weekend position, but it's every other weekend. The shift begins at 5 PM Friday and ends at 5 PM Sunday. There is time allotted for plenty of sleep during those overnights as well.

Thank you and we look forward to hearing from you! Please include a phone number and former experience, if any, in your response. The hours are flexible as well so please let me know what your availability is if it's different from the above hours. Contact Amanda at Amanda [jsalas@yahoo.com](mailto:Amandajsalas@yahoo.com). Thanks!
