Participation in the Promise Virtual Welcome Day will count towards your required Skillshop (must sign up and attend at least 3 Welcome Day sessions in order to count towards your fall Skillshop requirement).
- Attending Welcome Days is essential for all new Palomar Promise students to learn how they can thrive at Palomar College during this significant transition.

## What if I can't attend because I have to work?

Although we highly encourage all incoming Promise students to attend, we understand some students may be unable to join us due to work obligations. The Virtual Promise Welcome Day website will remain live after August 13 and the live presentations/workshops will be available as recorded sessions to view.

## How will these sessions be offered?
