

Digital Parking

Effective Summer 2019, all parking passes will be digital. This means that each student will register their license plate through Credentials and that their license plate will serve as their parking pass. The Police Department will have a license plate scanner that will go through and verify that all cars parked on campus have a registered license plate within our system.

Students are able to register up to 5 separate license plates. However, only one license plate can be on campus at any given time. Anyone not registering a license plate or having multiple cars on campus at a time will be given a ticket.

Students will log into their MyPalomar account and go to their Student Center to purchase a Parking Permit. The permit link will only be active for students with an active enrollment for the permit that is on sale at that time. If they are not enrolled in classes, they will not see the link to purchase a pass. Waitlisted students will be unable to purchase a pass until they have been enrolled.

Student Purchasing a Pass

Student will log into their MyPalomar account and go to their Student Center. Under “My Finances and Financial Assistance” will be a link to purchase the parking permit.

The screenshot shows the MyPalomar Student Center interface. At the top, there are navigation tabs for 'student center', 'general info', 'academics', 'finances', and 'financial aid'. Below these is a 'Student Center' header and a note for IE 9/10 users. The main content is divided into two sections: 'My Records and Enrollment' and 'My Finances and Financial Assistance'. In the 'My Records and Enrollment' section, there is a table of classes with columns for 'Class' and 'Schedule'. In the 'My Finances and Financial Assistance' section, there is an 'Account Summary' box showing a balance of 1,577.00. A red box highlights the link 'Purchase Summer 2019 Parking Permit' under the 'My Account' sub-section.

Student will have the option to select a Regular Permit or a Motorcycle Permit.

Vehicle Permits-

- Up to five separate license plates- can be any vehicle (car, motorcycle, etc.)
- Cost is based on information found in PeopleSoft
 - Regularly \$46 for students not qualifying for a special rate
 - CCPG- \$26
 - EOPS- Free to Student
 - Promise- Free to Student
 - Third Party Contract- Some students will receive a Free pass based on if their third party is paying for their pass
- All of this information will pull over from PeopleSoft automatically and student assessed appropriate fee (if applicable)

Motorcycle Permits-

- Up to five separate motorcycles only can be registered. Cars cannot be added
- Flat rate of \$20
- If a student wants to add a car after already purchasing a motorcycle pass, they will need to pay for a Vehicle permit. In order to avoid this, a student should purchase a Vehicle Permit and add the motorcycle under the Vehicle Permit.
