Members Absent: Dan Lynds, Wendy Corbin, Ann Jensen, Veronica Sadowski, Dashiell Penning

Guests: None

Recorder(s): Allison Tyra and Victoria de la Torre

Welcome: New member Dashiell Penning, ASG Senator

Approval of Minutes:

1. The minutes from March 4, 2026, were approved. Minutes are posted on the Palomar College website: [Current – Safety and Security Committee \(palomar.edu\)](#)

Discussion/Information Items:

1. Workers' Compensation: No report.
2. Campus Police: No report.
3. Risk Management (de la Torre)
 - a. District P&L Claims – March 2026 (0), April (1)
 - b. SWACC Inspections – completed. Tentative re-inspection
4. Health Services:
 - a. Student Health urgent visits
 - i. In the month of February = No student visits.
 - b. Behavioral Health urgent visits
 - i. In the month of February = 6 urgent student visits, all treated at the Center.
5. Associated Student Government: No report
6. Environmental Health & Safety:
 - a. Technician report for February will be delivered at the next meeting.
 - b. EH&S/RM coordinated a Lockdown Drill on February 11, 2026. Feedback was received from staff. There was a delay in some of the messaging via InformaCast alert system possibly due to heavy “traffic” in the process. Alerts in English and Spanish may cause delays in the system. There is also an opportunity for improvement with outdoor speakers outside of larger buildings and inside of the Student Union.

7. Other Items:

- a. Emergency speakers at RBEC and Escondido update – Two emergency speakers have been added at RBEC and four speakers added at the Escondido Center. Testing and problem solving will continue to improve connectivity.
- b. Body worn cameras – Campus Police are revisiting wearing body cameras. This best practice is being researched, reviewed, and vetted through Administration. Budget cost may be approximately \$115,00 including all data support.

8. **Safety Concerns:**

- a. Notifications inside Student Union – currently there is a small IP display unit with a small speaker. This is not efficient for a room the size of the Student Union. The capability currently exists to add multiple speakers. This initiative will be brought forward to constituent groups for approval and funding.
- b. Internet campus-wide is being assessed by Information Services and improvements are being pushed out. More information is coming soon.
- c. Hazardous Material report from Kennan and Associates was recently received. More emails regarding violations and remedies will be distributed to the corresponding departments soon.

9. The meeting was adjourned at 1:56 p.m.

Reminder: Next meeting will be scheduled on September 2, 2026
