I. OTHER ITEMS

STRATEGIC PLANNING COUNCIL MEETING MINUTES April 19, 2011

A regular meeting of the Palomar College Strategic Planning Council scheduled April 19, 2011, was held in MB-15. President Robert Deegan called the meeting to order at 1:15 p.m.

ROLL CALL

Present: Barton, Brannick, Cater, Cerda, Claypool, Cuaron, Deegan, Dowd, Halttunen, Hoffmann, Hogan-Egkan,

Kelber, Kovrig, Laughlin, Lucero, Martinez, Maunu, Shattuck, Sivert, Titus, Wick, Vernoy

Absent: Talmo, Tortarolo Recorder: Cheryl Ashour

Guests: Jayne Conway, Joan Decker, Katy French, Brent Gowen, Laura Gropen, Glynda Knighten, Phyllis

Laderman

A. MINUTES

1. Approve Minutes of April 5, 2011

MSC (Lucero/Cater) to approve the Minutes of April 5, 2011 as corrected

B. ACTION ITEMS/FIRST READING

1. Change to BP 3570 Smoking (Exhibit B1)

Some members questioned why this policy came to SPC instead of directly to the Policy and Procedures Task Force. President Deegan replied that the procedure is to bring policy and procedure revisions to the appropriate council, and then to SPC. SPC may decide to either approve the requested revision, or send it to the Policy and Procedures Task Force for review and recommendation. There was a motion to send Board Policy 3570-Smoking to the Policy and Procedures Task Force. Channing Shattuck moved to amend the motion to show that the majority of SPC is in support of the change. Mr. Shattuck discussed why SPC should support the change to BP 3570, and described the efforts made to gain the support of committees, councils and clubs on campus. Discussion ensued.

Motion to move the Previous Question (Cater). There were two thirds in the affirmative and so the Previous Question is ordered.

MS (Shattuck/Lucero) to amend the original motion by inserting "with the support of the majority of SPC members". The amendment failed: 9 nay, 8 aye, 1 abstain. Barb Kelber said she was interested in hearing discussion of the matter, and she understood the "no" vote to mean that we would not articulate support for the policy before hearing discussion. She noted that the confusion around the motions made the voting extremely difficult.

MSC (Brannick/Kovrig) to send BP 3570 Smoking to the Policies and Procedures Task Force

2. Parking Fees for Non-Palomar Activities (Exhibit B2)

This item was postponed until the next meeting.

C. ACCREDITATION RECOMMENDATIONS AND PROGRESS

1. Accrediting Commission Actions and Policy Updates

There were no items.

2. Accreditation Update

There were no items.

D. INTEGRATED PLANNING MODEL

1. SPC Timeline Check-In

Michelle Barton discussed the items from the timeline that are on the agenda for today and the next SPC meeting.

2. IPM and RAM Formative Evaluation – Goals 1-6: Progress on objectives

Michelle Barton stated that the leaders of each objective for goals one through six were asked to submit a progress report, answering eight questions. The reports were combined into one document numbering over 45 pages; it will be posted on the strategic planning website. Ms. Barton thanked her assistant, Joan Decker, for the work she did organizing the document, and to all the objective leaders for their detailed responses. A summary document, Palomar College Strategic Plan 2013 – End of Year Progress Report on Year One, was distributed. (Exhibit D2a) Ms. Barton led SPC in a review of the progress of each objective in Year One. Barb Kelber reviewed the progress of objective 2.5; the information will be incorporated into Exhibit E2a. Ms. Barton stated that at a later meeting when SPC decides the objectives for Year Two, a decision will be made whether to continue each Year One objective into Year Two.

Michelle Barton distributed the following document: Monitoring Palomar's Strategic Plan Through Measures of Institutional Effectiveness (IE). (Exhibit D2b) SPC members formed small groups to discuss the measures. They were asked to consider the data and trends in each measure, and give an overall opinion. After thorough discussion, members came back together and shared the results of their discussion. Suggestions for additional measures to consider were given. Ms. Barton requested that members consider the IE measures when SPC discusses its objectives.

E. BUDGET

1. Discussion

Vice President Dowd distributed and discussed the following document: Fund 11 Unrestricted (without Designated) with \$8.6 M workload reduction (scenario B) as of April 13, 2011. (Exhibit E1a)

Vice President Dowd distributed and discussed the following document: Three Year Comparison of Revenue and Expense Budget. **(Exhibit E1b)** The document compared the total revenue budget, the total compensation budget, and the total expense budget for years 2010-2011, 2011-2012, and 2012-2013.

F. INFORMATION/DISCUSSION

1. Title V HSI Grant

A writing team, led by Michelle Barton, is developing a Title V/HSI STEM grant proposal that will focus on student outreach and success of students entering STEM programs with basic skills needs. With an emphasis on supporting the Mathematic and Reading needs of these students, the grant will enable Palomar to enhance the necessary support services for these students to be successful, and to explore the latest strategies and software systems that will improve the Math Lab and Reading Center services. The proposal will be submitted on April 29.

2. TAACCCT Program

Vice President Cuaron stated that Palomar is a partner in the SDICCA grant proposal for federal funding made available through the U.S. Department of Labor, Trade Adjustment Assistance Community College and Career Training program, and supported by the West Foundation. The ten (10) colleges have collaborated on this proposal to develop and provide "just-in-time" web-based basic skills modules to support dislocated workers who are pursuing re-training in the fields of allied health and automotive technologies. The \$20-million, 5-year grant will be submitted on April 20.

G. ADJOURNMENT

Due to time constraints, the remaining agenda items were tabled. Meeting adjourned 5:15 p.m.

General Institution DRAFT as of 3/30/11

PALOMAR COMMUNITY COLLEGE DISTRICT POLICY BP 3570

References:

Government Code Sections 7596, 7597, and 7598; Labor Code Section 6

Current Policy:

There shall be no smoking permitted in buildings or outside of designated smoking areas which shall be placed at least 20 feet away from of buildings at Palomar College. This policy is not intended to affect the working conditions of any Palomar employee. Any questions or concerns related to this policy or enforcement should be directed to the Director of Student Affairs.

ASG Planned Policy Change:

There shall be no smoking at Palomar Community College District. It is the policy of the Palomar Community College District to provide, maintain and encourage a smoke and tobacco-free campus. The District is committed to providing a workplace and learning environment that is smoke and tobacco-free. A smoke and tobacco-free campus will promote the safety and health of students, employees, and the public.

PARKING FOR NON-PALOMAR ACTIVITIES

<u>Purpose</u>: To seek approval through the governance process to apply parking fees to non-Palomar College entities and activities, resulting in a more fair and equitable sharing of cost associated with providing parking to these entities.

Background: There are several non- Palomar College entities that are not being charged a fee to park in campus parking lots during their events. These are typically sporting teams that have gained approval to use Palomar College facilities. Most of the participants use our parking spaces 6 to 7 days a week during a semester. As a result, parking spaces become limited for the use of our students. Many of these entities are very profitable for the people that are running them, which introduce the possibility that the district is providing an anti-competitive atmosphere for these companies by not assessing a cost for services that their competitors likely have to pay for.

Below is a list of some groups that use our facilities.

<u>West Coast Bulldogs</u>: This group charges \$100.00 per person to register on a team. A team is comprised of at least 9 players per team. It is not clear how many teams are in the organization, but they usually request 60 parking permits per semester. They are typically on campus 5 to 7 days a week. They also provide private lessons for an additional fee to the participants.

<u>Inland Aquatic Club</u>: This organization has 8 different groups. Fees for the group vary from \$135.00 to \$205.00 per person, per month. This organization normally requests 250 permits per semester. They are on campus 6 days a week. Also during the summer swimming lessons are given. During the summer, six 2 week sessions were provided for a fee of \$120.00 per session, and 50 parking permits per session was requested.

<u>Taylor Made Divers</u>: This group charges \$500.00 to \$700.00 per person per week. They are on campus 7 days a week, and request 50 permits per semester. This group has begun the process to pay for parking, of their own accord. They are now, as of spring 2011, asking parents to purchase a student semester parking permit, rather than requesting free permits.

So Cal Breakers Baseball: 117 parking permits were issued to this organization for the semester.

A couple of parents requested semester passes because their child was getting pitching lessons. The parents are being charged for the lessons.

<u>Other</u>: There are various events and seminars held on the campus who are affiliated with the District and request permits for their staff and customers.

<u>Recommendation</u>: The Police Department recommends the following parking fees be assessed to outside for-profit entities who request parking services on campus:

Per vehicle at the same rate that students are paying for a semester permit and daily permit.
 (Note: Currently the parking fees for students are \$40.00 for a semester permit and \$5.00 for a one day permit from the permit machines)

Community College Survey of Student Engagement

National student survey administered by Palomar every three to four years. The survey assesses how students engage with college faculty and staff, with other students, and with the subject matter being learned.

	2002-03	2006-07	2010-11
Administered	X	X	In Progress

Goal 3: Ensure that the college's shared governance structure operates effectively and that the processes for decision-making are clearly defined and participatory.

Spring 2010 Governance Self-Evaluation (Measure to be Updated)

Annual Self-Evaluation completed by planning councils: SPC, IPC, SSPC, HRSPC, ASPC. "The governance structure provides an opportunity for each campus constituency to identify and articulate its views on campus-wide issues."

N=36				
Response	%			
Strongly Agree/Agree	86%			
Strongly Disagree/Disagree	8%			

Goal 4: Recruit, hire, and support diverse faculty and staff to meet the needs of students.

In Progress

Full-time Faculty Obligation

Number of full-time faculty required by system office based on Palomar's growth in credit FTES.

	Fall 2004	Fall 2005	Fall 2006	Fall 2007	Fall 2008	Fall 2009	Fall 2010
Actual	281.0	285.1	294.5	295.7	300.9	291.7	286.9
