B. Information/Discussion

- a. AB705 Subcommittee Update - Cindy Anfinson provided an update from the AB705 Subcommittee (see attached).
- b. Land Use Item Update - Shayla Sivert provided members with an update regarding discussions with Executive Council and President Kahn’s meetings with local tribal councils to discuss the relationship between Palomar College and the tribal community. The suggestions addressed this complex issue, as there are different tribal groups. The feeling is that the American Indian Studies Department should lead the initiatives with students. The goal is to continue the long-term relationship that the District has with the local tribes.
- c. Meeting Schedule – Shayla Sivert and Rocco Versaci presented to the members the option of reducing the number of meetings to once a month. Item to be discussed more in depth at next meeting.
With this, the suggestion was made of having “SEA Plan” and “EDI Group Report” as standing items on the agenda.

Additional information: Nancy Browne provided an update regarding Equity Professional Development. Current trainings are being reviewed and a survey went out to the campus community asking for recommendations. Responses are due by November 30. The results will be reviewed next week.
