Science, Technology, Engineering, and Mathematics at Palomar College

**PALOMAR
COLLEGE**

SCIENCE

TECHNOLOGY

ENGINEERING

MATHEMATICS

**Congrats to the Robotics Summer Institute
students for successfully completing ENGR 197**

Welcome scholars! For those who are new or who just need a reminder, if you need help with tutoring (math, chemistry, physics, bio, computer science and more) please visit the Math & STEM Learning Center (MC-1). Looking for information about STEM programs, STEM pathways, networks, events, company field trips, campus tours, workshops, internships and more? Come and see us at the STEM Center (NS-310) today!

Need to see a STEM counselor? Make an appointment to see Daniela McIntosh:
