

Seeking Help With Identical Twins!

Our family is looking for someone to help feed/hold/diaper/entertain our 9-month-old twins. You would not be left alone with the twins until you feel comfortable. Until then, we are looking for someone to work in tandem with me or my husband to care for them. They are generally happy babies and are beginning to explore their world by crawling! The job also entails some light housework (e.g. loading/emptying dishwasher, picking up after twins, folding laundry, walking dog, etc.).

The hours we are looking for help are as follows:

Mondays - 7 am until my husband gets home (no later than 7 pm)

Tuesdays (optional) - 3:30 pm until my husband gets home (no later than 7 pm)

Wednesdays - 7 am until my dad comes over (no later than 11 am)

Thursdays (optional) - 3:30 pm until my husband gets home (no later than 7 pm)

Fridays- 7 am until my husband gets home (no later than 7 pm)

My husband is a physician, so his shifts and days off vary. Sometimes he arrives home as early as 4:45 and other times we would need help until 7 pm.

We are located in the San Pasqual Ranch neighborhood of Escondido. Our ideal caregiver is someone who is playful, has a positive attitude, takes initiative and is not offended by sarcasm.

We have a sweet rescue whippet and hound mix, so applicant must be ok with dogs.

Applicant must be fully vaccinated.

Depending on your qualifications, pay is \$15-20.

To apply, please email ksfithian@gmail.com.
