

COMMUNITY HOUSING RESOURCES

EMERGENCY

211.org: (CA only) 24/7 service to assist with immediate solutions regarding housing, food, financial, health, etc.

[Findhelp.org](https://findhelp.org): similar to 211 but this link assists with nationwide resources

The role of the Office of Student Life & Leadership is to connect students to community resources. Students in need of immediate assistance that affects their personal health/safety should contact our [office](#) for assistance with community resources. Our role does not encompass assistance with housing searches based on seeking roommates, affordability, lease renewals, looking for a different place or similar. This list is a basic community resource list for local options that students can independently research.
