**Student Acknowledgement:**
I understand that I will need to submit the completed petition and all supporting documentation to be considered or my course will remain reported as online to the VA. Each course will be considered separately and all final decisions will be made by the State Approving Agency and the VA. Failure to complete petition, denial of petition, and/or denial by the SAA or VA can result in a change in the amount of housing allowance paid to CH 33 and CH 31 applicants.
